Good Will Promoted
China's consul general in Malaya, Dr. Wu Paak-sheng, is forming a country-wide Sino-Malay organization to promote good will

between these two most numerous nationalities of the peninsula, Singapore reports. The idea is to prevent further outbreaks of strife which marred relations between the Chinese and Malays and harmony.

Meighan Is Named
New York, Sept. 5 (AP)—Frank Stanton, president of Columbia Broadcasting System, yesterday announced that Howard S.

Meighan had been named a vice president of C.B.S. Meighan, a resident of Mamaroneck, N. Y., has been C.B.S.'s director of station administration since August

1945. He will continue in his present position.
Sir John Popham, a highwayman in his youth, became Chief Justice of England in 1592.

Creamed Vegetable Soup
For cream of mixed vegetable soup, heat 1 quart of milk in a double boiler. While it heats, cook 2 tablespoons each of finely chopped turnip, carrot, onion and celery in 2 tablespoons of fat for 10 minutes. Stir 1 tablespoon of flour into the vegetables. Then add the hot milk gradually, and cook, ten minutes before serving.

Leaves From Boyle's Notebook

By JACK GUINN
(For Hal Boyle)

Budapest, Sept. 5 (P)—Fabulous Budapest, where only weeks ago the U. S. dollar would buy anything for sale and some things that were not, has become so expensive that the average American family here is spending about \$1,000 a month.

In July a family of three could sit in the lap of luxury for \$200. The effect of the Hungarian government's stabilization program on Americans in Budapest was startling. During Hungary's inflation—a precedent-shattering economic disintegration in which one U. S. dollar would buy five hundred quintillion pengos—every night was Saturday night in Budapest. As one G. I. put it: "Americans never had it so good."

Villas rented for \$10 and \$15 a month and owners with an eye on the Russian occupation troops sometimes would hand them over for nothing just to get the American flag on the door. Servants would work for \$5 a month just to be near a kitchen. Street merchants did a rushing business in cameras, pistols, binoculars, diamonds and luxury goods.

August 1 brought new money—florins worth nearly 12 to the U. S. dollar—and the long-promised "stabilization", with higher prices and wages and strict anti-black market laws. It changed the American dollar from king to court jester.

Restaurant prices jumped first. A formal dinner for two—cocktails, steak, vegetables, salad, wine, dessert and coffee—skyrocketed from \$4 to \$20. Bar drinks went from 20 cents to \$1.50, beer from 15 cents to \$1 a bottle, sidewalk cafe coffee from five cents to 20 cents.

An American major, his wife and daughter, got a cleaning and pressing bill for \$329. Americans spoke about this in shocked tones. The major could not even talk.

Word got about that six or seven State Department girls, who live in a large house on the once-fashionable Stefania Ut, had received an electricity bill totaling \$800 for one month. A captain was charged \$19 for 100 envelopes and 150 sheets of paper.

Another officer's wife paid \$9 to have her hair washed. A high officer who accompanied the American train returning \$32,000,000 in gold to Hungary was jarred to the pinfeathers of his insignia after a relatively dull evening in a Budapest night club when he was handed a bill for \$75. An American correspondent went around muttering for a week after being charged \$17 a night for a hotel room. The former price was \$2.

Hot spots raised the price of cognac from 75 cents to \$38 a bottle. Landlords asked \$150 to \$200 a month for villas. Cooks and maids demanded \$20 and \$25 a week. G. I.'s with accumulated overseas time started asking for the next available plane out.

There was some talk of a new diplomatic exchange rate—something between 20 and 40 florins to \$1—for Americans in Budapest.

Some Americans in Budapest information say that it is unlikely at present. They say that there is apprehension that Russians would use such a rate as propaganda against the west.

An American family of three in Budapest now must meet these average basic costs per month: Food about \$200, rent \$100 to \$150; electricity \$75 to \$100, telephone \$30 installation fee and \$30 minimum monthly charge, cleaning and pressing about \$200, laundry \$100. Two servants \$100 to \$140. If husband and wife went to a night spot once a month that would be about \$50. Two movies (1942 vintage) a month would be \$9 at \$1.50 per person, dinner out twice a month would be about \$60. At most that is more than \$1,000 a month; even without nightspots, servants, movies and dinners, it is still more than \$700.

Some Hungarian politicians say that the low rate of exchange was sponsored by Communists and designed further to isolate Hungary from the west and stimulate American desire to depart from Hungary. If the latter is true, they could not have done better with a sad rendition of Home, Sweet Home.

ELLENVILLE

Ellenville, Sept. 4.—The Ellenville public schools opened Tuesday. Thomas J. Duffield, supervising principal, estimated an enrollment of approximately 1,000 students.

Col. Frank W. Harkin of this village has been awarded the Army Certificate of Commendation for outstanding service as commanding officer of the 28th Battalion, 7th Field Artillery, Training Regiment.

The Napanoch paper mill, not in operation since 1923, will soon be back in operation. The property has been purchased by Benjamin Gertner from Arthur V. Hoornbeek. It is expected that employment will be given to 25 or 30 men.

The strike of the union employees at the Ulster Knife Company is continuing. No progress toward settlement has been made despite a conference between union officials and management. Supervisor William M. Kelo offered his services as an arbitrator to Mr. Hess, manager of the plant, but Mr. Hess explained that there was nothing to arbitrate.

Miss Anne Bover of West Brentwood, L. I., and Kenneth Bradford of this village were married at the Methodist parsonage at Milton, Pa.

Frank C. Young of this village died Wednesday of a heart attack.

LeRoy Phelps, photographer and lecturer, will present "Wheels Across Africa," a special animal movie for children, at the Kinloch Red Barn at Cragsmoor. The proceeds are to be turned over to the Veterans' Memorial Hospital.

An exhibition of heavy machinery at work was afforded the residents of this village Friday, when a freight car loaded with granite left the tracks at the railroad station. A heavy crane was dispatched from the Middletown yards to set the car back on the tracks.

Mr. and Mrs. Carl TerBush are the parents of a son, John Carl, born August 26, at the Veterans' Memorial Hospital.

Miss Eleanor Rode and her fiancé, Willis S. Bowman, Jr., left Monday to spend a week in Philadelphia with his parents.

Miss Dorothy Rand, daughter of Policeman and Mrs. A. Rand, returned home last Wednesday after spending two weeks at Camp Lockbrae, Bear Mountain.

Jacques Cohen completed his appearance as guest concert violinist with the orchestra at the New Concord Hotel in Kiamasha Lake. Last Thursday he appeared with a symphony orchestra at the hotel.

Miss Anna T. Henninger attended the convention of the American Legion at Syracuse last week. Miss Henninger represented the Cook-Taylor Unit No. 111.

State's Rights

Hanover, Pa., Sept. 5 (AP)—A truck trailer that skidded off a highway near here provided police of two states with a jurisdictional headache.

The vehicle landed across the Maryland-Pennsylvania border yesterday with everything but the rear wheels in Pennsylvania.

Police disputed jurisdiction over the accident, but finally agreed it was Pennsylvania's case since most of the tonnage was in the Keystone State.

All Equipment Provided

Philadelphia, Sept. 5 (AP)—Safe crackers didn't bother to bring their own tools to loot a safe at the Hess & Barker Machine Shop office.

They wheeled a large safe from the office to the machine shop in the rear of the building yesterday, used the company's acetylene torch to burn off the hinges and a crowbar to jimmy the door.

After removing \$250 from the safe they wheeled it back to the office.

"You Are My Sunshine"

New York, Sept. 5 (AP)—Striking A.F.L. musicians, walking picket lines around New York hotels, have found one personal benefit stemming from abandonment of the bandstands.

A member of the "Night Club Pallor Crew" expressed it this way yesterday:

"We're getting more sunshine than we've had for years."

C. I. O. Celebrates Its 10th Anniversary of A. F. L. Ouster

By MAN HALL

Washington, Sept. 5 (AP)—Ten years ago today the American Federation of Labor suspended ten unions for refusing to disband a committee they had created.

The committee was known as the Committee for Industrial Organization, or C.I.O.

From that day, the C.I.O. has been on its own.

During those ten years American labor unions have more than tripled their membership from 1,700,000 to 15,000,000.

The C.I.O. began with something more than 1,000,000. It now claims more than 6,000,000. In the same decade the A.F.L. has risen from 1,700,000 to a claim of more than 10,000,000. Independent unions have gained, too.

Much of the boom in union strength was due to the C.I.O.'s successful drives to organize modern mass-production industries.

Part of it sprang from C.I.O.-A.F.L. rivalry, which drove A.F.L. unions to greater efforts.

But two other factors counted tremendously.

These 10 years have been a period of expanding production, the best time to organize workers.

The government, after more than a century of either opposing or tolerating unions, began helping them. The National Industrial Recovery Act in 1933, and then the National Labor Relations Act in 1935, stated the right of workers to join unions and be represented in collective bargaining by persons of their own choosing. Employers who interfered were punished.

The C.I.O. was founded November 9, 1935, with John L. Lewis as chairman. This event was the aftermath of a violent struggle at the 1935 convention of the A.F.L. at Atlantic City.

The industrial unions of the A.F.L. led by Lewis, wanted the A.F.L. to go out and organize millions into industrial unions. This meant jumping the workers of a

were re-elected. Roosevelt won unions in dozens of industries. The Lewis quit. Vice President Philip Murray became president.

In 1942 Lewis yanked his United Mine Workers from the C.I.O. and last January he took them back into the A.F.L.

As he did so, he predicted a gradual unifying of labor.

Will the A.F.L. and the C.I.O. merge soon? The answer to that question in labor circles is "Ha-Ha-Ha-Ha."

What prevents it?

Some say ideological differences. A.F.L. leaders say these differences are all-important.

Some people point to the enormous practical difficulties. The C.I.O. and A.F.L. have rival

SAVE THE SCARCE FOODS!
Everyone is concentrating on saving something these days. Fats, oils, wheat, sugar are the scarcest items in today's food market. But we can enjoy our sweets and other good things to eat—salad dressing with wheat oil, sweets with sugar, delicious cakes and breads with energy flour—and still save these scarce foods. Here are some ideas for you from Ann Pillsbury:

Rich Dressing (Without Oil)
Blend together 1 cup whipping cream, 1 pkg. (3 oz.) cream cheese, 1/2 cup salt. Beat with rotary beater until thick and smooth. Serve over fruit salad with sandwich wedges.

Peach Pie Alaska (Without Sugar)
Sweeten 4 cups sliced peaches with syrup or honey. Turn into baked pastry or graham cracker shell. Top with 1 cup ice cream (optional). Cover with meringue.

Meringue:
Beat 3 egg whites until they form slight mounds when beater is raised. Add gradually 1 cup light corn syrup. Continue beating until meringue stands in lustrous heavy peaks. Spread over the filling evenly. Be sure meringue touches edge of crust. Bake in hot oven (325° F.) for 4 to 5 minutes until delicately browned. Serve 6.

Rich Dinner Rolls (With Emergency Flour)
Combine 1/2 cup warmed milk, 1/2 cup shortening, 1 tbsp. yeast, 2 tsp. salt. Cook in water by adding 1/2 cup water. Add 1 cake compressed yeast or 1 package fast, dry gran

Order Seen on Way Back in Bombay's Harried Districts

Stray Stabbings Reported; 24-Hour Curfew May Be Invoked, if Need Arises

Bombay, Sept. 5 (AP)—Scattered police and military gunfire still echoed today in troubled Bombay but order appeared to be returning slowly after four days of bitter communal strife in which officials said 189 persons had been slain and 527 wounded.

Unofficial estimates placed the casualties at more than 200 dead and 600 injured.

A government communique issued at 1 p. m. said stray stabbings still were being reported in scattered sections of the city and warned there would be no hesitation in imposing a 24-hour curfew in troubled areas if the situation warranted.

British and Indian troops not on duty were confined to their barracks.

A temporary internment camp has been set up in a Bombay suburb to assist in accommodation of alleged troublemakers, some 2,000 of whom have been arrested since the rioting began last Sunday.

Today is a Hindu holiday and tomorrow a Muslim day of prayer—both considered critical periods.

Thousands of Hindus reverently carried the images of Ganesh, their elephant-headed god of fortune, to the shore and cast them into the sea in a ritual intended to protect the images from pollution.

There was considerable concern lest the processions of devout Hindus might become involved in clashes with Moslems. Similar truces were held for tomorrow when devout Moslems move to the mosques for prayer.

Anglo Papers Gossip About New "Romance"

London, Sept. 5 (AP)—British newspapers have been gossiping this week about a romance between Princess Elizabeth and Prince Philip of Greece—but at Buckingham Palace the stories were described today as "pure nonsense."

An authoritative palace source said an alliance between the 20-year-old heiress to the British throne and the Greek Prince was quite unlikely since members of the Greek Royal House were Catholics.

Romantic reporters have written stories that Prince Philip, an officer in the British Navy, was a constant visitor at Buckingham Palace and a particular favorite of the king and queen. A marriage between the British and Greek Royal Houses is not unprecedented.

The late Duke of Kent, third son of George V, married Princess Marina, a beautiful cousin of the King of the Hellenes.

Merger Is Agreed

Berlin, Sept. 5 (AP)—The American and British military governments announced today agreement on the basic structure for economic merger of their occupation zones of Germany, including a common standard of living, with uniform food rations and common import and export policies. Agreement was achieved after several weeks of negotiations for joint administration in the fields of food and agriculture, finance, communications, transportation and trade and industry.

In 1945 there were over 5,000 women in the United States holding positions as bank executives.

Local Death Record

Highland, Sept. 5 (AP)—Frank Dewald died Monday afternoon at his home at Oakes, in his 79th year. He was born in the town of Lloyd, son of John and Hannah M. Stokes Dewald. He retired January 1, 1938, after serving for 47 years as foreman of a maintenance crew on the West Shore Railroad. Surviving are four daughters, the Misses Estelle and Grace at home; Mrs. Ormond Freer of Oakes and Mrs. Paul Witkoski of Highland. Funeral services were held this morning in St. Augustine's Church, with interment in Highland Cemetery.

Highland, Sept. 5 (AP)—Funeral services were held this afternoon in the Methodist Church, conducted by the Rev. Herbert M. Ryan, for Charles Perkins, who died suddenly at 11:40 Saturday night from a heart attack. Burial was in the Milton cemetery, with services at the grave by Lloyd Post, A. L., members of the Post serving as bearers. Mr. Perkins was a popular taxi driver and had just alighted from his car at his home when the fatal seizure came. He served for many years as trustee officer for the Central school. A son of Selah H. and Mary L. Fowler Perkins, he is survived by his wife, the former Miss Anna E. Bargholtz, five sisters, Mrs. Robert Churchill of Marlborough, Mrs. John Beran of Newburgh, Mrs. Ella Cain of Poughkeepsie, Mrs. Peter Peterson of Rifton; also nephews and nieces.

Mrs. David Keiffer of Lake Katrine, who had been a patient in the Benedictine Hospital for the past two months, died there on Wednesday. She was a native of Newburgh, the daughter of Alfred M. and Harriet Freer, but had been a resident of Lake Katrine for 56 years, where she had been prominent in the life of the community. Mrs. Keiffer was an active member of the Flatbush Reformed Church and of its Sunday school; also of the Lake Katrine Grange. She was a past lecturer of the Ulster county Pomona Grange, a member of Clinton Chapter, O.E.S. and Vanderlyn Chapter, O.E.S. Upon the death of Mr. Keiffer in April, 1942, Mrs. Keiffer filled out his unexpired term as town clerk of the town of Ulster and later was elected to succeed herself for a full term. She is survived by one son, Ralph J. Keiffer of West Englewood, N. J., and two brothers, Nathan E. Freer of Kingston and Alfred M. Freer, who resided with his sister at Lake Katrine. The funeral will be held from the parlors of A. Carr and Son, Friday at 2:30 p. m., with burial in the Willwyck cemetery. Friends may call at the funeral parlors tonight between the hours of 7 and 9.

Two-Car Garage Razed By Fire at Airport Inn

Fire Wednesday afternoon destroyed a two car garage at the Airport Inn on the East Chester street by pass junction.

Mrs. Basnell, owner of the Inn, estimated the loss at about \$1,500. The fire was discovered by Herbert Middaugh who notified Chief John W. Osterhout of Ulster Hose No. 5. Fire was discovered about 4:40 o'clock and the firemen devoted their attention to preventing the spread of the blaze to the main Airport Inn structure. Although a stiff wind was blowing the firemen with the aid of a new fog nozzle which was recently added to their equipment prevented the embers from setting fire to the inn and at about 6 o'clock had the fire out.

While engaged in battling the garage fire a second alarm was sent in to Ulster Hose when Mr. Armstrong of the New York Telephone Company called for aid in extinguishing a fire in a tree at Lincoln Park where a long distance cable which ran through the tree was in danger of damage. Members of Ulster Hose Company went to the scene and through the Mutual Aid System, Chief Sanford of the Kingston department also responded to the call for aid. The fire in the tree was extinguished without serious damage.

A.F.L. Seamen Leave Vessels

Continued from Page One

The recently formed A.F.L. Maritime Trades Department, including representatives of Longshoremen, Masters, Mates and Pilots, Commercial Telegraphers and Firemen and Oilers, yesterday pledged their support to the seamen.

"Where the S.I.U. and the S.U.P. form picket lines, they will be respected," the Trades Department said. "This, in effect, means a complete truce of all American coastal ports."

Asked about excepting relief cargoes and troops, Joseph P. Ryan, president of the A.F.L. International Longshoremen's Association, a member of the Trades Department, said:

"There'll be no exemptions this time."

Pledges Are Received

The S.I.U. and the S.U.P. also received pledges of support from Joseph Curran's C.I.O. National Maritime Union, and Harry Bridges' C.I.O. International Longshoremen's and Warehousemen's Union, which announced their members would "cooperate and respect all picket lines."

The dispute is not between the union and ship operators but instead finds both arrayed against the W.S.B. which refused to approve a \$27.50 monthly wage increase to which both parties had agreed. The board held that any raise over \$17.50 would be inflationary.

The W.S.B. on August 23 refused wage increases to watch-keeping seamen of A.F.L.-manned ships operated for government accounts because the scale was \$10 a month more than N.M.U. seamen were awarded last June in a settlement of a threatened C.I.O. maritime strike.

The N.M.U. won raises of \$17.50 a month in these negotiations. The S.U.P. had won \$22.50 and the S.I.U. \$27.50 but the W.S.B. pared the latter figures to the \$17.50 N.M.U. figure.

A spokesman for the Maritime Commission here predicted a "complete shutdown" of all maritime activity in the United States if strike plans were carried out. He said all ships, whether American or foreign, all shipping along the coasts, between the coasts and transoceanic, would be affected.

Secretary of Labor Lewis B. Schwellenbach last night "most earnestly" asked the A.F.L. unions to call off their strike pending a W.S.B. review next Tuesday. His appeal was made in telegrams to heads of the unions involved.

Maritime Commission officials said no plans had been made for government operation of American flag ships.

Total Registration Is Less Than Forecast in School

Total registration on the second day of school shows an increase of 217 over a corresponding 1945 second day. The increase is accounted for by 68 additional registrations in the elementary schools, an increase of 23 in the M.J.M. and 126 in the high school. The total registration this year is 4,698, compared to 4,481 in 1945. This is considerably less than the estimate made on the opening day of school. Operating a kindergarten in all of the public schools but No. 1, there is a total registration of 244, with No. 6 leading with a registration of 53. At No. 2, there are 24; No. 3, 25; No. 4, 16; No. 5, 33; No. 6, 53; No. 7, 47; No. 8, 46.

In the M.J.M. school 332 are registered in the 8th grade and 333 in the 9th grade for a total of 665. In 1945 there was a total of 642.

There are 24 registered in the two special classes, one at No. 2 with 11 and one at No. 6 with 13.

The registration by schools and grades as of September 4 are:

Stocks Gain, Tape Lags in Comeback

Continued from Page One

ket tobogganed into its sharpest break in 16 years and in furious trading yesterday another low for the year was established. A late rally served only to reduce many of the losses.

Analysts Give Reasons

Analysts have thrown in a complexity of "reasons" for the downswing, but a clear consensus has been lacking. Similarly, underwriters were far from unanimous to favor the market should militate against the floating of new issues.

An underwriting syndicate headed by Kuhn, Loeb and Company served notice today they planned to go ahead with a public offering of \$30,000,000 in new Westinghouse electric debentures.

On the other hand, postponements of proposed sales of new securities have been announced by the handful.

Apparently because of the instability of the market, Consumers Power Company reported yesterday it intended to delay an offering of \$20,000,000 of common stock. Standard Gas and Electric Company announced similarly it would postpone temporarily its sale of Mountain States Power Company.

Earlier, Armour and Company postponed an offering of more than 2,000,000 shares of common and preferred stock, and New England Gas and Electric Association did the same with a block of \$22,500,000 of new bonds and 1,568,980 shares of new common.

Only Small Portion

Even these represent only a small portion of the tremendous volume of new financing that is awaiting a more favorable market. Some analysts also credit postponements to the accepted fact that some of the new securities floated during the last six months are still in the hands of dealers and have yet to be digested by investors.

Arguments have been frequent in Wall Street recently as to whether the long-time bull market has ended.

The trend for the last three months has been definitely downward. A 15-year average high was established last May 29. In June, The Associated Press 60-stock average declined \$3.20 a share. In July it went down \$2.60 a share and in August \$5.50 a share.

In the big bump of last Tuesday the average went down \$4.70 a share. Buyers put the brakes on yesterday and selling pressure eased, with the result that a decline of only 40 cents was registered. The volume of dealings rose yesterday to 3,620,000 shares, a new high since May 21, 1940, and there was trading in 1088 of the

Held on Bail

New York, Sept. 5 (AP)—Three men arrested on charges of burglary in connection with the theft of dresses and sewing machines from the Webster Dress Co., 1570 Webster avenue, the Bronx, were held under \$10,000 bail each today for a hearing next Wednesday. The men were Ignazio Marchese, known as "Okay Benny," 44 of Ansonia, Conn.; Vincent Auliciani, 35, of 555 Longwood avenue, and a third man, whose name was not given, known as "Smoky," 25, of Manhattan. The three were employed as truckmen.

Tremors Reported

Massena, N. Y., Sept. 5 (AP)—Two slight earth tremors were felt in this northern New York community yesterday on the anniversary of an earthquake September 4, 1944, which caused a million dollars' damage. There were no reports of damage following yesterday's tremors.

Crash Causes Comment

London, Sept. 5 (AP)—Wall street's stock market drop and subsequent rally has caused considerable comment in London financial circles, but the general consensus is that the recession reflects what one commentator called the "mercenary American temperament" rather than a serious symptom of economic weakness.

40 & 8 Will Show Locomotive First Time on Sunday

New Officers to Be Installed by Society: Two Oxygen Tents Purchased for Hospitals

The locomotive recently purchased by the Ulster County 40 & 8 will be officially exhibited for the first time on Sunday afternoon when the society of ex-servicemen installs officers at the Elks Club. Ceremonies will begin at 2:30 o'clock.

Chief de Gare John N. Cordis, during whose tenure of office the locomotive was purchased, told a reported today that the Sunday event would be more like a 40 & 8 affair with the "engine" on display.

The engines, symbols of those used in France by American troops during World War I, have been in evidence at all 40 & 8 and American Legion conventions since the armistice in 1918.

"Ulster county servicemen's desire for a locomotive was realized recently when a committee of 40 & 8's, with Charles H. Hummer, Jr., as chairman, purchased one from the Queens county L. I. Legion. Those serving with him on the purchasing detail were Dr. Carl Meekins, Highland; John Sauer, Saugerties; E. Karl Robins, Woodstock, and Attorney Walter J. Miller of Kingston, who is to be installed as chief de gare, replacing J. N. Cordis, Sunday.

Buy Oxygen Tents

Aside from purchasing the locomotive, two oxygen tents were ordered by the 40 & 8 during the incumbency of Chief de Gare Cordis. One will be given to the Benedictine Hospital and the other to the Kingston Hospital. Ex-servicemen will be privileged to use them free of charge at the institutions, according to Walter Miller and Joseph Honig, co-chairmen of the committee in charge of buying them.

During the war the 40 & 8 carried out a program whereby men in the service were furnished with playing cards and other recreational equipment. It plans to continue peacetime projects whereby aid can be given to veterans, and the purchase of the oxygen tents is the beginning. The hospital equipment is of modern design.

Chief de Gare Cordis anticipates that many veterans of both wars will be at the Legion Sunday to see the locomotive for the first time. The engine, recently overhauled and newly painted, will start from the Memorial Building on West O'Reilly street at 2 p. m. for its run to the Elks.

Cashin at Throttle

County Judge John M. Cashin, son of the late Martin Cashin, who retired as an engineer on the New York Central railroad, will be at the throttle.

the throttle. Prior to entering law, the judge contemplated railroad work as a career. He's a member of Kingston Post, American Legion, and the Ulster 40 & 8.

After his nomination to succeed Chief de Gare Cordis, Attorney Miller praised the head of the 40 & 8 for the progress made during his tenure of office, and gave the assurance that he would endeavor to match the accomplishments in the ensuing year, with the same cooperation from the membership.

Pickets Work on Coast

San Francisco, Sept. 5 (AP)—Pickets from the A.F.L. Sailors' Union of the Pacific formed lines along the waterfront here, at Oakland and at Portland, Ore., at 6 a. m. (P.S.T.) today in the all-coast maritime strike. Police said picketing began in orderly fashion.

Originally, a cartridge was a round of powder wrapped in paper for use in a flintlock musket.

Cronin Found Guilty

New York, Sept. 5 (AP)—Capt. Arthur P. Cronin, 31, master of the freighter American Farmer, first reported sunk and then later towed to port after a collision at sea July 31 with the cattle boat William J. Riddle, was found guilty today of "inattention to duty" by a coast guard hearing officer. His license as a shipmaster was ordered suspended for three months. Cronin, receiving the decision from Lieut. Commander William L. Maloney, said "it was what I expected. I didn't expect any bouquet."

Pilgrim Furniture Company Will Erect Largest Plant Here

New Factory to
Cover Area of
70,000 Sq. Feet

Virtually All of Old Bar-
mann Location on Green-
kill Avenue Will Be Used
by Manufacturers

Barney R. King, the energetic manager of the Pilgrim Furniture Company of Teller street, talks like a man with a mission when he tells you about plans for the largest manufacturing plant in Kingston. It is a mission born of a dream many months ago but today around noon time the dream began to take shape for the Pilgrim company when ground breaking ceremonies were held for the new factory building at the old Barmann location on Greenkill avenue.

The alert-hard-hitting executive just grew up in the furniture business in Topsy-turvy style you might say. A native of New York city, Mr. King admits to having traveled all over the United States as a salesman for leading furniture companies. He admits to about 35 years experience, 25 years as a salesman and 10 years as a manufacturer.

The Pilgrim Company was established in 1937 in Kingston in the old building that once housed the Apollo Magneto. Then came a change to what is now known as the Ertel building on North Front street and since 1943 the company has been established at its present location.

The pressure of mounting manufacturing volume several months ago forced Mr. King to give thought to the future. He selected the Barmann location and then went into a huddle with Albert Milliken, local architect. In this meeting were evolved plans for a modern building which will be the largest industrial building in the city.

Pilgrim's new home will face South Prospect street and will be built of steel, brick, and concrete with a monitor roof. The monitor will be an office extension to the front of the building which will be made of white limestone and glass brick blocks.

70,000 Square Feet
When completed the actual factory space will sprawl over an area exceeding 70,000 square feet. Mr. King didn't know exactly but he indicated the scope of the entire setup by saying that the plot on which the plant will be constructed is one of 250,000 square feet and virtually all of it would be used.

The building will be set back 30 feet so as to beautify the grounds in front of the building. The landscape will be graded and seeded with grass, pine trees and flowers. It will be perhaps the most attractive industrial location in the area.

When completed the plant will be completely conveyORIZED. New woodworking equipment of the most modern type was ordered several months ago and should be here by the time the building is completed.

Pilgrim employees will have attractive, pleasant lunch rooms, rest rooms and recreation rooms, Mr. King said. The entire building will be fluorescent lighted and every convenience possible for the betterment of the workers' conditions will be installed by Pilgrim.

A tight situation has been averted by the Hutton Brick Company's offer to supply all the bricks necessary for the building. Source of supply of bricks was in doubt for several weeks and became so acute that the Chamber of Commerce which has worked closely with Mr. King made an extensive inquiry into the possibility of loosening up local supply.

Business Piles Up
Pilgrim for several months has had more business than it could possibly handle, Mr. King says. The need for a new building has been acute and the new quarters will have adequate facilities for unlimited expansion.

When the Pilgrim company started operations in Kingston back in 1937, the payroll included 20 employees. The business expanded until a peak of 132 was reached shortly before the war broke out. Came the inevitable readjustment due to lack of raw materials but Mr. King has maintained a payroll of approximately 50 persons for the past several years. The volume of business and payroll will be tripled when the new plant hits capacity.

With a steady flow of building materials still an uncertainty the possible forecasts indicate the new plant will be completed by December 31. At least Mr. King says he expects to celebrate New Year's in his new home.

The building superintendent is A. S. Kelly, of Boston, a nationally known builder and construction expert who has erected millions of dollars worth of buildings in the United States and South America. Contracts have been let and all building personnel are on hand ready to start work. The speed of construction will of course be governed by the flow of raw materials, especially steel. The latter item has not been delivered to the scene

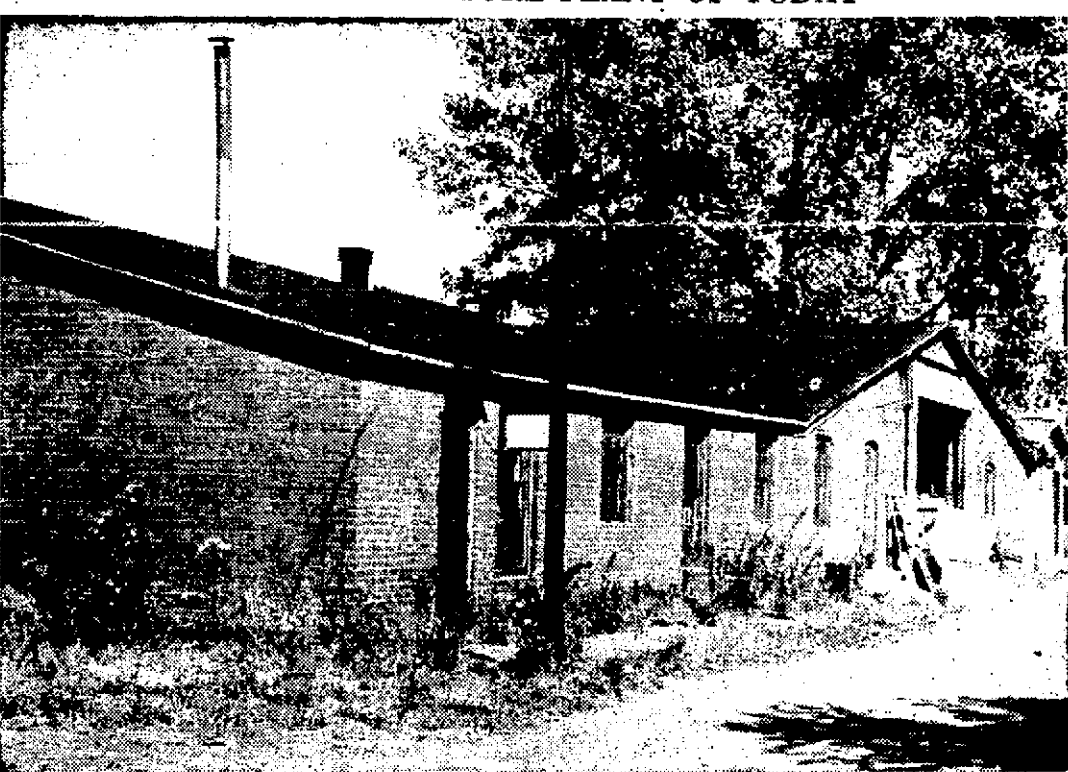

ARCHITECT'S DRAWING OF PILGRIM FURNITURE FACTORY

Architect Edward Albert Milliken's drawing of the new Pilgrim Furniture factory to be erected on the old Barmann lot on Greenkill avenue. The actual factory space will cover an area of 70,000 square feet. Virtually the entire grounds of

some 250,000 square feet will be used for the plant site. The new structure, when completed, will be Kingston's largest industrial building.

PILGRIM FURNITURE PLANT OF TODAY

The appearance of this Teller street location of Pilgrim Furniture is very misleading. Inside the decadent looking building is one of the city's thriving industries. The production is virtually bursting through the sides but in the not too distant future Pilgrim moves over to its new plant.

FURNITURE IN THE MAKING

A scene of activity at the Pilgrim Furniture Company. A large number of war veterans are employed by Barney King. Barney Rosinski, one of Mr. King's key supervisors, explains the setup to a Freeman reporter.

but is being fabricated at present at Stanton, Ohio.

Builder and Owner
This modernistic design for the future is being erected by the Smith Prospect Realty Corporation of Kingston which will be builder and owner of the plant. Mr. King is secretary of this organization.

Whereas the present location is cramped and overcrowded the new plant will resemble a streamlined assembly setup in every detail. The various departments will have their own working space and there will be smooth coordination between all units.

The various departments making up the plant include, over and above the business offices, the dimension mill, woodworking department, frame assembly department, spray finishing department, sofa bed upholstery department, living room upholstery department, upholstery departments for sofa beds, living room furniture and modern sectional pieces, a sewing room department and the shipping and receiving departments.

Mr. King, who now imports raw materials and parts from all over the United States, hopes eventually to make his plant self sustaining except, of course, for the basic raw materials. New departments will be opened to manufacture most of the items used in every phase of the furniture business and lack of which now often causes bottlenecks in production.

The architect's drawings reveal that inside the plant the worker will find dream conditions. The heating system will be from steam and unit heaters fueled by left overs of the plant. The steam boiler will be housed in a separate heating plant. Ventilation and lighting will be most modern in every respect and the new plants have spared nothing to insure maximum comfort for the worker.

Chief Production Lines
Pilgrim's chief lines of production include maple living room furniture, upholstered sofa beds and upholstered living room furniture. These quality items are sold throughout the country and in Porto Rico and Cuba and by national department

stores, chains and independent furniture dealers and mail order houses.

Raw material is secured on a national scope and for some rare items the Pilgrim Company goes as far as India. The company cannot hope to meet its orders in the United States for the next several months. Before the war it did some exporting to Porto Rico and Cuba and could easily expand its scope to cover virtually every foreign country. But until raw materials are available in unlimited quantities the United States markets will keep Pilgrim busy.

Mr. King announced yesterday that applications for employment would be accepted at once at the new location. A personnel expert will be on hand to take all applications.

The Pilgrim company does not demand skilled labor. Most of the help at the plant has been trained by Mr. King's expert supervisors and have learned the trade as they went along.

The pay scale at Pilgrim is one of the highest in the city. The future plans for the organization culminating in the erection of the new plant will set the tempo for a bigger and better industrial future for a Kingston that will place a heavy emphasis on male employment.

More Cake for Hospitals
New York, Sept. 5 (AP)—Patients in New York hospitals will receive extra cuts of cake tomorrow—thanks to the city's trucking strike. Two grocery store chains, with more than 270,000 pounds of cake, doughnuts, rolls and bread on hand, offered the stock to the department of hospitals, which quickly accepted. They will be collected by city trucks.

BOY SCOUT NEWS

Wins Star Scout Rank

Ronald Mower, 17, of Woodstock Troop 34 was awarded the insignia of Star Scout at the August meeting of the Western District Council held at the Dutch Reformed Church at Woodstock last Thursday. Star Scout Mower is the first Woodstock scout in many years to have completed the necessary merit badge work and to receive this distinction.

Woodland Valley Camporee

The Scouts are planning much activity in the Mountain District. The first Camporee will be held at the state camp site at Woodland Valley September 27 and 28, at which all troops plan to attend in full strength for a grand time. At the next meeting of the Western District Council, to be held at Pine Hill on September 18, all details will be completed.

The removal of the Rev. Mr. Stine to Kingston is a serious loss to Troop 60, Phoenicia. There is some mitigation in the fact that Kingston scouting thereby gains an experienced worker.

The Boy Scouts are now conducting their annual finance campaign. This year their drive is particularly directed at securing funds to develop facilities at the new Ulster-Greene Camp at East Jewett, already much enjoyed by Scouts and leaders. Contributions may be sent direct to Boy Scouts of America, Ulster-Greene Council, 260 Fair Street, Kingston or to your local scouters.

Redeployment

(By The Associated Press)
Three ships are scheduled to arrive today at San Francisco with 173 service personnel. The vessels are: Armand Considere from Yokohama, nine army; David Lamont from Leyte, two army; Artemis from Honolulu, 162 troops.

BLUEPRINT FOR THE FUTURE

Barney R. King, manager of the Pilgrim Furniture Company, and Albert R. Milliken, architect, look over blueprints for the new Pilgrim plant at Barmann lot. The plans began to take shape at noon today when ground breaking ceremonies were held. Numerous city business, political and industrial dignitaries were present. The plant will be the largest modern manufacturing setup in the city.

O'Dwyer's Plans Can't Halt Truck Strike Immediately

New York, Sept. 5 (AP)—The strike of New York city truck drivers will continue for at least another week, even if employers accept a compromise proposal advanced by Mayor William O'Dwyer as a basis for settlement, a teamsters union official predicted.

John E. Strong, president of Local 807, of the A.F.L. Teamsters Union, said last night that the stoppage would continue at least

until next Wednesday because the union would not hold its membership meeting until Sunday and that it would take several days for the men to return to their jobs if the mayor's plan were approved by both sides.

O'Dwyer's proposal calls for settlement on the basis of an 1814 wage scale, a reduction in the work-week from 44 to 40 hours, and improved vacation benefits.

The employers' group and the union agreed to attend a meeting tomorrow at the offices of the State Board of Mediation.

Hurley Will Hold Harvest Show at School September 13

Hurley's annual Harvest Show, which last year was something like a little county fair, will be held at the Hurley School Auditorium Friday at 8 p. m.

General Chairman Myrtle Brown outlined last evening at the home of Mrs. William Warren, Hurley, the duties of committees and gave a resume of exhibit classes.

The show, designed for Hurley residents, also will include hobbies and handicrafts, which last year revealed a broad interest in such matters as Indian relics, needlework, stamp collections, oil paintings, miniature sculptures, rock collections, et cetera.

The committee has ruled out any exhibition of live animals. Entry blanks will be distributed at the Hurley School and may be obtained from George Kent's Spy House Store, Markle's Garage, and Ronald Glass's Store in the Saxville district.

Entry blanks should be filled in and returned to the school September 11 from 10 a. m. until 5 p. m., or they may be mailed to Mrs. Myrtle Brown, Box 55, Hurley, N. Y., on or before that day.

For the convenience of adults hobbies and handicrafts may be taken to the school Thursday, September 12 beginning at 7 p. m. While all exhibits will be placed in the hands of the general committee at the owner's risk, all care will be taken to ensure their safety.

Other exhibitors, including adults, may leave their entries at the school auditorium the day of

the show. These must be in by 1 p. m., since judging will be held from 1 to 5 o'clock, prior to the evening assembly. All exhibitors are requested to pick up their entries at the end of the show, which will close at 9:30 p. m.

The premium list shows 38 classifications for fresh vegetables, ranging from shelled beans to a market basket of edibles from the garden.

Also included are canned and dried vegetables and fruits, fresh fruits, farm crops with an emphasis on corn, grain, handicraft and hobbies.

General rules are: Exhibits must be grown by the person exhibiting. Entry blanks must be in by Wednesday, September 11. Only one award will be given in one class to any exhibitor.

Exhibits must be in the auditorium by 1 p. m. September 13. Blue, red and white paper stickers will be used for ribbons. One family's total exhibit will compete in the sweepstakes awards.

Entry fees of five cents will be charged, with a special rate of six for 25 cents.

A slight admission fee will be charged to help defray expenses. Committees in charge of the Harvest Show are, in addition to Mrs. Brown; Flowers, Mrs. William Warren; Vegetables and farm crops, Henry Dunbar; Canned Fruits, Mrs. John Gill; Handicrafts, Mrs. Ruth Andrus; Hobbies, Mrs. Catherine Clearwater; Fresh Fruits, Ray Elmendorf.

Kaufman's Speech Nominating Loughran for Chief Judge

Former Surrogate George F. Kaufman in behalf of the Ulster county delegation in attendance at the Republican state convention at Saratoga Springs presented for nomination for the office of Chief Judge of the Court of Appeals of the State of New York the name of John T. Loughran, incumbent, Judge Loughran was endorsed by the Republican convention.

The nominating speech by Judge Kaufman was as follows:

Mr. Chairman, Ladies and Gentlemen of the Convention:

For more than 50 years the County of Ulster has proudly stood among the foremost Republican counties of the State of New York. Decade after decade we have upheld Republican principles and Republican candidates by majorities out of all proportion to our population. In return we have asked Republican State Conventions for almost nothing. Some 20 years ago we did obtain a nomination for State Comptroller. Within my memory that is the only Republican nomination for State office we have ever had. Today we are asking for something, and, paradoxically, we are asking for a Republican, but nominally a Democrat.

One of the most important nominations to be made by this Convention is that of the highest judicial officer of the State of New York, the Chief Judge of the Court of Appeals. We delegates from Ulster County and the tens of thousands of Republicans whom we represent are unanimous in seeking that nomination for our most distinguished citizen, the present Chief Judge of the Court of Appeals, John T. Loughran, of Kingston.

Certainly there is no need to argue to this Convention the critical importance of the choice of a presiding judge for the highest court of this State. In the volume and importance of the litigation upon which it passes the New York Court of Appeals stands first among the state courts of the nation. Its sphere of influence is wider than that of any other state court. Year after year its opinions are cited and quoted by the courts of other states and tend to very considerable extent to mould and shape the case laws of those states. Its prestige is doubtless greater than that of any other state court, and I might add, in view of the unholiness which, according to its own judges, now prevails upon the highest bench of this nation, the New York Court of Appeals today merits and enjoys far greater prestige and confidence than does the Supreme Court of the United States itself. God knows that it should.

There is another vital reason why the present selection of a candidate for the Chief Judgeship of the Court of Appeals is a matter of such importance to this State. The candidate will, if elected and if he lives, preside over the highest court of this state for the next 14 years, and those 14 years promise to be one of the most critical periods in the history of this state and nation. If ever there was a time when the American people stood in desperate need of honest, fair, impartial, capable, independent and courageous judges in their high courts, that time is now; for, if ever there was a time when the system of constitutional government under which this nation flourished and prospered to an extent never before known to this earth, was seriously threatened, that time is now.

And so, in presenting to you the name of John T. Loughran for the most important judicial office of the most populous state of the Union during what may well prove to be the most critical period of its existence, I deem it my duty to convey to you the most detailed and intimate knowledge concerning him. I profess the ability to do that, for I have known John Loughran long and intimately. I suspect, indeed, that the principal reason the Ulster County delegation has asked me to present his name is that I have known him so long and so well, John and I were born in the same year. We were kids together. We played baseball together on the Kingston sandlots. We went to school together. As stripling lawyers we commenced practicing law at the same time in the same community. We fought each other tooth and nail in the courts, but, when the battles were over, friendship remained. When John Loughran advanced step by step from a struggling young lawyer to the highest judicial office of the State of New York, no one planned in his advancement more than I. And I know that in the days to come, as I travel down the other side of the hill, I will frequently recall with intense pride and satisfaction this day, when I am privileged and honored to present for your consideration for this vitally important nomination the name of this tried and true old friend.

Judge Loughran's life is an open book. There is not a single chapter, paragraph, sentence or word in it of which his friends cannot be justly proud. His family was a hard, industrious, thrifty Irish-American family. His father, Bernard Loughran, was a typical product of the American system of the enterprise, which then prevailed, but is now so bitterly condemned and excoriated by the Kennedys of the New Deal. He started in a small way, worked hard and late with his own hands, and built up a successful and prosperous business. He sent his children to school. His son, John, attended the parochial school and then the old Kingston Academy, from which he was graduated in 1891 as President of his class. During his high school days he worked as a reporter on Ulster county's largest newspaper, the Kingston Daily Freeman. Finally he decided to become a lawyer and attended Fordham Law School, from which he was eventually graduated at the end of his class.

On admission to the Bar, he practiced law for several years in

Kingston. Then he accepted an invitation of Fordham University to join its faculty as a teacher of law. But John Loughran was not content merely to teach law. He was a prodigious worker, and at the same time he taught law he actively practiced law. Eventually he became a partner in a large New York law firm and devoted himself principally to appellate court work. He argued hundreds of appeals before the higher courts with such outstanding success that he soon became recognized as one of the best appellate court advocates in the entire state.

During all this time John Loughran continued to reside in Kingston, and it was fortunate for him and for the people of the State of New York that he did, because in 1930 there came to him, due largely to that circumstance, an utterly fortuitous and almost fantastic political break, which eventually brought him to the Chief Judgeship of the New York Court of Appeals. John Loughran had never been active in politics. He was never connected with any political machine. While he voted in Kingston and was nominally a Democrat, I suspect that more often than not he voted the man rather than the ticket. He had no political ambitions and was wholly content to pursue his studious, industrious way as a teacher and practitioner of the law. And then the Democratic politicians of the Third Judicial District suddenly engaged in a bitter knock-down and drag-out political fight, which to John Loughran's own amazement resulted in his over-night nomination as a compromise candidate and his eventual election as a Supreme Court Justice.

The Third Judicial District has had many able and distinguished judges, but it has never had a more thoroughly qualified and

competent Supreme Court Justice than Judge Loughran. He was utterly fair, impartial and non-partisan. He was independent and courageous. He was patient, kindly and courteous. He was more than a considerate of young lawyers. His knowledge of law was amazing. His mind was a veritable reservoir of legal knowledge and precedent from which he was able to draw at will. But he had more than that. Coupled with that seemingly inexhaustible knowledge of the law he had that old-fashioned horse-sense ability to apply the law to accomplish justice, which many legal theorists never do or can acquire. His opinions were concise and to the point. When he decided a case, no litigant or lawyer connected with it was ever left in any doubt as to what he had decided or why. And when one of his judgments was appealed to a higher court, it was received with profound respect by that court. The conspicuous ability, impartiality and devotion to the demands of justice with which Judge Loughran served as a Supreme Court Justice will long remain a tradition in the Third Judicial District.

In one sense it is not surprising that after only four years on the Supreme Court bench Judge Loughran was elevated to the Court of Appeals. In another sense it is almost unbelievable. No one who knew his ability and capacity for hard work could ever doubt his fitness for appointment to that court. But, on the other hand, he was a young judge with almost no political backing and only a few years judicial experience, surrounded by older judges with powerful political connections and much longer judicial service than his own. And yet, when a vacancy occurred in the Court of Appeals in 1931, the Governor of this State—and, in fairness I think I should add, the then Democratic Governor of this State—had the good sense to reach out and from all the judges of the state select and Judge Loughran to fill that vacancy. And when Judge Loughran was nominated that Fall by the

Democratic Party for a full term as Associate Judge of the Court of Appeals the Republican Party of this state had the wisdom to recognize his worth and the fairness to put aside partisan politics and endorse him for that office. And after the recent death of Chief Judge Lehman the present Governor of the State of New York demonstrated in no uncertain manner that he was above playing partisan politics with our courts by appointing Judge Loughran to be Chief Judge of the Court of Appeals. Parenthetically may I observe that it would have been far better for the people of the United States had that same broad-minded and commendable policy prevailed in Washington during the past 13 years.

And now, we Republicans of Ulster county, who are Judge Loughran's neighbors and friends, ask you to follow the lead of Governor Dewey and return Judge Loughran to the Chief Judgeship of the Court of Appeals for the next 14 years. We make that request with absolute confidence that, if you grant it, you will never have cause to regret it. We are wholly sure that by doing so you will keep at the head of the judiciary of New York state for the next 14 years, God willing, not only a fine, straight-forward, modest, kindly, scholarly gentleman, but a thoroughly competent, honest, impartial, independent and courageous non-partisan judge, whose name will add lustre to the long list of great jurists who have in the past presided over the highest court of this state. We are certain that you will have at the head of that court during what may prove to be the most critical years in the history of this state a thoroughly loyal and patriotic American, who is committed to no theories of government, except those contained in the State and Federal Constitutions he swears to uphold. And we know in our hearts and souls that, come what may, he will keep that oath forever sacred and inviolate.

Mr. Chairman, in behalf of the Ulster county delegation I have

Plea Is Made for Food Board by La Guardia

Copenhagen, Sept. 5 (AP)—U.N.R.R.A. Director F. H. La Guardia made a fervent plea to the United Nations Food and Agricultural Organization today for immediate action to set up a world food board and said that price stabilization "will put every gambling grain exchange out of business in Chicago, Winnipeg, Liverpool or wherever it is."

La Guardia, making his plea on the basis of lifting living standards of farmers of the world, said it was impossible to eliminate price fluctuations of commodities without disturbing present trade practices.

The honor to present for nomination for the office of Chief Judge of the Court of Appeals of the State of New York the name of the Honorable John T. Loughran.

Videla Claims Victory In Chilean Election

Santiago, Chile, Sept. 5 (AP)—With a substantial lead accumulating on the basis of expanding returns, radical-Communist Gabriel Gonzalez Videla claimed victory today in Chile's presidential election but headquarters of conservative runnerup Eduardo Cruz Coke steadfastly refused to concede.

Political tension mounted as Gonzalez accused Cruz of "dishonest intentions" and summoned a mass meeting of his followers for Sunday "to make necessary decisions for insuring respect and fulfillment of the electoral verdict."

The latest totals issued by the government, with returns nearly complete, gave Gonzalez 188,102 votes; Cruz 140,596; Fernando Alessandri, Liberal, 127,972, and Bernardo Ibanez, Socialist, 11,890.

Petrillo Predicts End Of Musicians' Strike

New York, Sept. 5 (AP)—An early end to the strike of A.F.L. Musicians against New York hotels—probably "within a few days"—was predicted by James C. Petrillo, president of the A.F.L. American Federation of Musicians.

Petrillo made his forecast last night before boarding an airplane to Chicago but gave no indication for the basis of his prediction. David Drechsler, representing 41 of the struck hotels, said that as far as he knew the situation was unchanged.

The musicians struck Monday in support of demands for wage increases averaging 25 percent.

Health for All

September begins a new routine in households throughout the country. Millions of boys and girls are returning to school or are entering school for the first time.

The first day of school is a big moment in the life of every youngster. It is the day when the last vestiges of babyhood are cast aside and the child enters upon a life in which he must rely upon himself to an extent beyond his previous experience.

The physical condition of the first-grader, and likewise of his older brothers and sisters in higher grades, may determine his success in school. In fact, his whole future life may be affected by how good a start he gets in school.

Before Junior begins school, he should have a complete physical examination. He will come in contact with large groups of people and may be exposed to contagious diseases for the first time in his life. His resistance to these diseases will depend upon his general health and the precaution his parents have taken to have him immunized against certain diseases.

Vaccination against smallpox is usually required before entrance to public schools. Parents should willingly cooperate with the school authorities in seeing that their child is vaccinated before beginning school.

While immunization against diphtheria is not a matter of law, wise parents see to it that their child is given injections against this disease, to which children are particularly susceptible, by the time he is six years old.

A thorough physical examina-

tion before school begins will reveal any defects in the child—whether he is getting proper nourishment from his food, whether his tonsils are healthy, whether his eyesight is good. Defective eyesight may place such a strain on the child that he will become retarded in his studies and may also become upset emotionally.

And what about the child's teeth? He should by all means see a dentist before he enters school and should make regular visits to the dentist thereafter, as the dentist recommends.

The child who enters school in a healthy condition is much less apt to come down with ailments throughout the year and lose time from school.

In the next article, diet in TB will be discussed.

Generous Milk, Food Supplies Go to Italy

To meet the most pressing demands for help from the stricken people of Italy, American Relief for Italy shipped more food and milk than any other supplies during August, according to Justice Juvenal Marchisio, president of A.R.I.

The S.S. Jericho Victory carried 756,132 pounds of sorely needed supplies. The cargo represented 133,069.5 pounds of milk; 381,597.5 pounds of food; 169,367 pounds of medicinals consisting of penicillin, insulin, vitamins and used and new clothing, used shoes, soap and other items, and there were 57,945 pounds of plows, cul-

tivators and shovels, also included were 8,260 pounds of flour.

The need for these farming implements is great since the Italian farmers are making every effort to grow food and, owing to war's devastation, there is a great lack of the necessary equipment.

The S.S. Exbrook carried 484,777 pounds. This included 231,211 pounds of milk and 182,250 pounds of cereals.

The S.S. Baxter Gate carried 563,528 pounds. Total shipments were 1,804,437 pounds.

Blames Two Senators For Shortage of Diapers

Washington, Sept. 5 (AP)—A constituent told Senators Magnuson and Mitchell, Washington Democrats, today that they are "to a greater or less degree personally responsible" for a shortage of diapers.

Aides of each senator hustled the demand for diapers down to the Civilian Production Administration, expressing a hope C.P.A. will do something promptly.

The constituent, D. Thomas Leamon of Seattle, Wash., told the senators in identical letters that a friend expecting a baby had searched vainly for diapers throughout the northwest and elsewhere.

"There just aren't any diapers, and it is someone's fault," Leamon said. "Regardless of how and where you may wish to place the blame, you represent us in our government which has allowed this

national disgrace to come about and are therefore to a greater or less degree personally responsible for it."

Magnuson is a bachelor and doesn't know much about diapers. Mitchell has a son in the diaper-wearing age and can appreciate the anxiety of the expectant mother.

New Principal Takes Over at Elementary School

Two Kingston teachers are on the faculty at the elementary school in New Paltz Teachers College this year. Miss Joan Goetz, fifth grade instructor, and Miss Carolyn Mouchouse, third grade.

In an announcement about the expanded staff under the leadership of a new principal, Harold M. Elsbree, formerly of Mexico, N. Y., where he was principal of the central schools since 1939, Mr. Elsbree is a graduate of Colgate University, 1930, and holds a master's degree from Syracuse University.

He has acted as educational consultant to the Buildings and Grounds Division of the New York State Department of Education and as educational consultant in the school building survey of New Haven, Conn.

Chiang's Troops Are After Kalgan

Will Be Taken Unless Reds Quit at Tatum

Nanking, Sept. 5 (AP)—While peace negotiations stalled, Chiang Kai-shek's advancing armies called their shot again today, publicly putting the Communist stronghold of Kalgan in Chahar province, North China, next on their attack list.

Kalgan will be taken Government Chief of Staff Chen Cheng wanted unless the Communists choose to give up their long siege of Tatum, an equally vital rail center approximately 100 miles to the southwest.

A similar public warning preceded the government offensive which has swept through Chengteh Jehol province capital. Chengteh blocks one major north-south route and either Tatum or Kalgan could block a parallel route roughly 175 miles to the west. Kalgan will be strongly defended if attacked, the Communists have announced. Government forces meanwhile opened a fresh offensive yesterday in Eastern Hopeh province, seeking to clean out Communists virtually encircled and backed against the sea by the Nationalists' advances through southern Jehol.

Public Hearing Is Scheduled on 13th Ward Bus Service

A representative of the State Public Service Commission will hold a public hearing at the court house on Wall street on Friday morning at 10 o'clock on the petition of residents of the Thirteenth ward for an extension of city bus service.

The petition was filed with the Common Council earlier in the year and on July 19 the railroad and bus committee of the council held a public hearing at the city hall. There was no opposition at the hearing that night.

At that hearing Henry Page of the Kingston City Transportation Corp., outlined the proposed route which would extend bus service not only to the Wilbur section of the city but to the Seventh, Eighth, Ninth wards of the city.

The proposed route would start at Broadway and Pine Grove avenue, out Pine Grove to Mary's avenue to West Chester street to Montrose avenue to West Pierpont street to Hone street to Abel street, then up Wilbur avenue to Wall street to North Front street to Fair street, to Main, to Clinton avenue to Albany street to Broadway and down Broadway to Pine Grove avenue.

Social Listed for Friday
A social will be held by Unity Temple 617 at the Flks home 42 Cedar street Friday at 8 p. m. Games and refreshments will be on sale.

Good Taste Today

TABLE SERVICE

A letter today says "I have been a hostess in a college town for years and we have entertained many foreigners as well as shy young wives of professors. I have seen an entire course put on a guest's plate because she did not know that only an eighth was her share. I have seen a learned lecturer staring in despair at an elaborate dessert he did not know how to attack. In my opinion the only kind and simple thing for a hostess to do is to serve herself first. Moreover, I have seen hostesses of sufficient wealth to employ butlers approve this service on an outlying cause of the epidemic of discourtesy—that of the inexperienced and newly rich hostess who is an untrained butler do everything wrong; without daring to correct him. To serve so small a portion for eight that any one could think it a portion for one sounds fantastic.

However, if there is any possibility that portions are likely to be misunderstood or that any dish may be baffling, it is simpler enough to place the portions divided the way a live case is cut but left intact. The spoon and fork inserted under the first helping.

Since a lady is always served before a gentleman, the professor should not have been served before the hostess. But if any other lady is present she should have been given the same attention.

Thanks for Flowers

Employee's Wife Is Charged With Burglary

Wednesday afternoon Mrs. Mary Staats, 56, of the town of Saugerties was arrested by Corporal John Metzger and Trooper E. J. Rock of the State Police BCI, charged with burglary, third degree. Arraigned before Justice Percy Bush, Mrs. Staats waived examination and later was released in \$300 bail to await action of the grand jury. Mrs. Staats, a housewife, according to Trooper Rock is charged with having taken a sum of money from the premises belonging to Anthony Canton on whose property Mr. Staats is employed.

Vishinsky Calls For Rejection of Italian Claims

Continued from Page One

debious role as war minister of the Fascist regime. Considerable importance attached to the Soviet stand on the issue of Trieste because up to today the Russian delegation neither failed to support the Slav bloc in its demands nor the treaty clauses agreed upon by the big four—and this time the two are at odds.

While Italy clamored that internationalizing Trieste—as proposed by the big four—would be a threat to world peace, Yugoslavia was demanding the whole Istrian peninsula, including the port. Newsmen got one mild surprise yesterday when a peace conference subcommittee studying approximately 20 billion dollars in reparations claims against Italy decided to exclude correspondents from "certain sessions" with only the Russian delegate voting may.

(In Rome, Giuseppe Saragat, president of the Italian constituent assembly, announced upon his return from Paris that an extraordinary session of the assembly would be summoned soon to consider economic clauses of the proposed Italian peace treaty. A foreign office spokesman said the 20 billion dollars in war claims against Italy roughly approximated the nation's entire wealth.)

6 Million Cars A Year if Strikes Can Be Averted

General Motors Head Says Price Should Be Raised \$100 a Vehicle to Help Firm

Detroit, Sept. 5 (AP)—General Motors President C. F. Wilson believes the nation's car industry can reach a 6,000,000 vehicle a year production level by this time next year, if a further wave of strikes can be averted.

He told a news conference yesterday that curtailed production thus far had been due largely to continuing strikes, shortages of parts and equipment and to a decline in labor efficiency. He also criticized the government's wage-price policy which he said had been changed three times from August 1945 to March 1946.

"From now on," he said, "the shortage of basic raw materials will be a problem."

The General Motors executive said he thought GM should have further price relief at "roughly \$100 a car," and that a request for such relief would be made.

General Motors, Wilson said had produced only about 400,000 cars in the first year following the war when it should have made 1,400,000.

Dishes Shine Without Wiping!

It's a Fact! No soap in the world performs the miracles Dreft performs in your dishpan. It makes dishes shine—even without wiping!

No Streaks! Dreft's amazing suds rinse clean and clear—leave no greasy streaks or cloudiness the way all soaps do. Even glasses sparkle without touching a towel to them. And Dreft is kind to hands!

Lingerie

STAYS BRIGHTER! FRESHER! NO SOAP-FADING!

Dreft is milder to colors than any soap in the world! You'll agree when you see how your lovely lingerie stays color bright and fresh far longer when washed with Dreft. There's no soap alkali to cause fading. Dreft keeps pretty colored slips, blouses, undies brighter and fresher than any soap could ever do.

New Woolens

WASH SOFTER AND FLUFFIER THAN EVER BEFORE!

When washed in Dreft your precious woolens are a joy to look at—a delight to feel! No soapy deposit to coarsen woolens and dim their colors. Your lovely new sweaters and baby things wash softer and fluffier than ever before. Yes, softer and fluffier than with even expensive soap flakes!

Stockings

LOOK LOVELIER THAN EVER BEFORE!

You'll be delighted at Dreft's gentleness to stockings! Dreft suds leave no soapy film to heavy-up hose and cloud their beauty. Colors stay fresh far longer than with any soap. What's more—nightly Dreft-washing prolongs stocking life—gives noticeably longer wear!

Works Wonders No Soap in the World Can Match!

- No Soap-Fading! Now you can wash stockings, lingerie, woolens—knowing that with Dreft there's no soap alkali to cause fading!
- Makes Shine—Even Without Wiping! With Dreft no dish towel is needed for wiping or polishing. Dishes and glasses fairly sparkle!

A-Bomb Poison Can Penetrate Ship Even When Sealed

'Crossroads' Report Gives Information About Animals; Blandy Gives Views

Washington, Sept. 5 (AP)—The atom bomb's radium-like poison can penetrate a tightly closed ship and spread death throughout the interior.

This was disclosed today in an "Operation Crossroads" report dealing with the animals used in the Bikini tests.

Among other things, the report said that radiation sickness proved fatal to all of the 20 pigs stationed on four of the target ships used in the underwater bomb test.

The pigs had been placed in the medical quarters of the vessels, which were in "buttoned up" condition with hatches and ports closed. Six pigs were found dead within four days, the remainder died within two weeks.

The atomic depth charge, by creating a deadly radioactive mist and tossing tons of heavily contaminated water aboard the target ships, produced a far more poisonous effect than the first air-bomb bomb.

In that test, 3,030 rats, 176 goats and 146 pigs were used, stationed at points in 22 target vessels to simulate crewmen.

Radiation Sickness Hit

A preliminary survey indicates that about 10 percent of the animals in the airburst test died from the blast of the bomb and that 10 percent more fell victim to radiation sickness.

In the underwater explosion, 75 rats were killed initially by blast, radiation or other reason, and 49 more died of radiation illness within a month.

For security reasons, the task force has declined to specify the exact number or positions of animals above and below decks on the target ships.

The task force took 4,900 ani-

mals to Bikini. Some of the surviving rats, pigs and goats have been brought back for laboratory study.

Boston, Sept. 5 (AP)—Vice-Admiral W. H. P. Blandy, commander of the Bikini atomic bomb tests, said today that he believed a "virile nation" might endure atomic warfare for months and even years after its cities had been destroyed.

He said in an interview upon arrival here to address today's session of the Veterans of Foreign Wars, that he did not "subscribe to the theory that a proud people would give in even if its cities were lost, so long as it had the means of resisting."

"I cannot believe," he added, "that it would surrender while its fighting forces were intact—its armies, fleet, its bombs, its launching platforms. . . . Japan lost her resistance before the atomic bombs dropped."

U. S. Vessels Reach Athens for 4-Day Courtesy Visit

Athens, Sept. 5 (AP)—The huge new United States aircraft carrier Franklin D. Roosevelt and escorting war craft arrived here this morning for a four-day courtesy visit which caused much diplomatic furore when it was first announced prior to last Sunday's plebiscite on the return of King George II.

The naval attaché's office of the U. S. Embassy announced shortly after it arrived that no air show was scheduled for Athens during the visit. Such a show was considered—with planes from the big carrier writing the letters F. D. R. in the sky—but was abandoned when it was found it could not be integrated with the jammed four-day program, the attaché's office said.

Yesterday, at sea, planes from the Roosevelt put on a show for correspondents and photographers. Meanwhile, Panayotis Kanellopoulos, former Greek premier and leader of the Republican National Unionist party, has accepted the validity of Sunday's plebiscite returning King George II to the throne despite a leftist challenge of the election before the Greek supreme court.

George Papandreu, another former prime minister and also a leader of the union bloc, said he would issue a formal statement tomorrow saying that his Social Democrat party would recognize, without reservation, the constitutional monarchy as the lawful regime of the country.

Will Resume Messages

Tokyo, Sept. 5 (AP)—Japanese will be permitted to resume limited postal communications with the rest of the world—Germany alone excepted—next Tuesday. They had been cut off from mail communications with many nations since December, 1941.

The principal breeds of U. S. dairy cows are: Avshire; Brown Swiss; Guernsey; Holstein and Jersey.

Veterans Occupy Most of Houses Built This Year

Housing Program Is Well Underway but Must Speed Up to Hit Goal Set

Washington, Sept. 5 (AP)—From 85 to 90 per cent of all new dwellings completed under the National Housing Program this year now are actually occupied by veterans.

Housing Expediter Wilson Wyatt has reported.

Construction was begun on 104,700 new dwellings in July, Wyatt told a news conference called in connection with the issuance of his monthly report. This is a 9 percent gain over June, he said, but a faster pace must be hit "if the program goals are to be met."

"It's tough as hell, but we're still confident," Wyatt commented. He noted that the 607,100 dwelling units of all kinds started in the first seven months of this year brought the housing drive more than half way to the 1946 target of 1,200,000 starts.

The type of homes that veterans are getting, he said, appear to be "of better quality than those erected in the building boom of the 1920's, the housing chief told reporters. Recent criticisms of the structures have proved justified in only a few cases, he declared.

23 More Crewmen Taken From Ship

Fear Death Toll Will Hit 10 in Sinking of Vessel

Bordeaux, France, Sept. 5 (AP)—A rescue boat reached the stricken American liberty ship David Caldwell today and began taking off 23 crew members left on one of the broken sections of the vessel, the French News Agency reported.

Ten men were taken off on the first trip to the wreckage of the 7,176-ton ship, which foundered yesterday during a storm in the Gironde estuary. Eight members of the original crew, now put at 40, were reported missing, creating fears that deaths would reach 10.

Crowds watching from the shore yesterday while the freighter pounded herself apart on the shoals said they saw a number of seamen struggling in the water.

Seven members of her crew reached shore and were rushed to hospitals in Royan and Rochefort. According to French shipping sources, the David Caldwell, which was carrying 9,000 tons of coal out of Hampton Roads, Va., went aground and broke in two on the shoal.

The French News Agency identified four of the crewmen who reached the shore as Chester Cheney, Frank Schmeister, James Festus Meulken and a man named Elsterling. The home towns were not given. The agency said the four were placed in a hospital at Royan.

been held back on farms, was unloaded in the periods of price-free markets, observers explained.

Livestock men would not predict how long the small receipts would continue. Ordinarily, they pointed out, hog arrivals fall off in September and then start increasing toward the end of the year. Receipts normally are heaviest in January and February.

Cattle receipts usually are heaviest in October and November, but traders doubted if that would be the case this year. This is a very unusual year in the meat business.

Last week, with restrictions lifted, the markets were flooded with cattle and hogs and a record high of \$30.25 was paid for prime steers. The previous ceilings on cattle were \$18 as compared with the present maximum of \$20.25. Ceilings on hogs now are \$16.25 compared with \$14.75 up to last June 30.

Tobacco or Frogs, Cuba Doesn't Stand to Lose

Washington, Sept. 5 (AP)—The way the Commerce Department figures it, if tobacco prices drop this country's supply of imported frog legs will soar.

An article on frog leg imports from Cuba in the Department's Foreign Commerce Weekly observes that the Pinar del Rio province is noted both for its fine cigar leaf and equally prized frogs, adding:

"When tobacco prices are low, growers and workers turn to frog hunting as a side line. Conversely, if tobacco prices are good, less attention is paid to frogs."

Frog leg imports from Cuba totalled 300,000 pounds last year and may hit a half million pounds annually, the magazine said.

advancements were losses in operation."

Submits Statement

May submitted a "statement of account of A. J. May with Cumberland Lumber Company" showing that he received a total of \$28,634.07 from 1943 through 1946 for the company and paid out \$29,293.38 in the same period.

"At no time did I ever have any financial interest in any war contract with either the Erie Basin Metal Products Company or the Batavia Metal Products Company or any other concern," the statement said.

May denied that he had signed a check, pictures of which were widely published, bearing an endorsement "purporting to be my signature as president of the Cumberland Lumber Company."

"I was not then and never have been president of the Cumberland Lumber Company," he said.

He said another check, for \$3,156.47, was reimbursement for personal advances in handling business transactions for the company.

May declared that he had felt

"obligated" to pay running expenses of the lumber company promptly, and if "funds for this purpose were not forwarded on time, it caused me embarrassment."

"I found it necessary," he related, "on a number of occasions to call the Washington office to remind whoever was there that a check for operating expenses of the company was due. I do not recall any particular request for \$3,000 or any other sum."

His reference apparently was to the Washington office of the Erie Basin Company, where Murray Garsson maintained his headquarters. Committee records show Henry M. Garsson was president of Cumberland. The committee heard testimony that May frequently called the office and that on one occasion he inquired about "that \$3,000."

Referring to testimony that he interceded with the War Department on behalf of the Garsson group, May said his position as military commander of the chairman "made me a target for any individual or company in any part of the United States (not just my own constituents) desiring assistance in the war effort and not having direct connections in Washington."

Knowing that the army needed the type of shells manufactured by the Garssons and being informed by the War Department that they

were efficient producers, he added, "I saw no impropriety in making an effort to be of assistance in getting production, with efficiency and rapidly."

Patricia Ann Johnson, Syracuse Graduate, Is Bride of DeWitt Clinton, Ex-Navy Lieutenant

The Ellenville Dutch Reformed Church was the setting Saturday at 4 p. m. for the wedding of Miss Patricia Ann Johnson, daughter of Mr. and Mrs. DeWitt Johnson, 27 Maple avenue, Ellenville, to DeWitt Clinton, son of Mrs. Howard Puff of Wauarsing and the late DeWitt Clinton. The double ring ceremony was performed by the Rev. John H. Ludlum pastor assisted by the Rev. William Coombe.

John Tervilliger was organist. Among his selections were "Ave Maria" and "The Wedding March." Dear Lord and Father of Mercy, and "The Navy Hymn." He also played the traditional wedding marches. The altar was banked with hydrangeas and white gladioli.

Mr. Johnson gave his daughter in marriage. She wore a ivory satin gown with yoke of heuloom Brussels lace and fingertip veil of imported net with satin applique. She carried a bouquet of white roses and white gladioli buds.

Miss Kathleen E. Johnson was maid of honor for her sister. She wore a gown of American Beauty, fawn and carried yellow roses. The bridesmaids were the Misses

Naida Leshman of St. Albans, W. Va. Barbara Bealer, San Jose, Calif. Audrey and Anne Sarels, Worcester, Mass. Elise Meuckenheim, Bergenfield, N. J. and Dorothy Torbush, Syracuse. All wore gowns of chartreuse fawn and carried bouquets of American Beauty roses. The bride's mother wore an American Beauty wool jersey gown with corsage of yellow roses. The bridegroom's mother wore a black crepe satin gown with white accessories and corsage of white roses.

A reception was held at the home of the bride's parents where the wedding party received 175 guests. Decorations featured white gladioli and yellow roses.

Afterward Mr. and Mrs. Clinton left for a wedding trip through the southern states. For traveling the bride chose a black broadcloth suit with white accessories and a corsage of white roses. Upon their return they will make their home at 306 Marshall avenue, Syracuse.

Mrs. Clinton was graduated from Ellenville High School in 1942 and from the college of home economics at Syracuse University in April. She was vice president of Chi Omega Sorority during the past year and was also a member of the Senior Women's Society, Eta Pi Upsilon, and of the Upper House of Women's Student Government.

Mr. Clinton a 1938 graduate of Ellenville High School is enrolled in the college of liberal arts at Syracuse University. He is a member of Lambda Chi Alpha fraternity. While in service Mr. Clinton trained at Alfred University, Colgate Chapel Hill, Hollywood, Calif. and received his commission at Corpus Christi, Tex. After 13 months in service in the Pacific area Mr. Clinton as lieutenant (jg) returned to Lake City, Fla. and was awarded the air medal for distinguished flying service.

Packed House Expected for B'nai B'rith Boxing Card Tonight

Jim Marlo Unable To Box Edwards Due to Injury

Rest of Bill Promises Fast Action for Fight Fans at Auditorium; First Bout 9 P.M.

This is B'nai B'rith boxing night in Kingston and the municipal auditorium is expected to be jammed to capacity with fans looking for another thrilling ring show such as the local organization presented two weeks ago. Starting time is 9 o'clock.

A final check revealed that the card will go on as scheduled with the exception of one bout. Because of a rib injury Albany's Jimmy Marlo won't be able to keep his date with Dave Edwards of New York, but an equally attractive match has been arranged.

Dave Peterson, 128-pounder from the Salem Crescent gym, where Ray Robinson got his start, will mix it with Roosevelt Flag, rugged Albanian in the new five round arrangement. Peterson is considered as one of the best metropolitan featherweights. He holds a decision over Tommy McGee of Boston, who made a hit box on a recent card.

Tony Barone, Schenectady sensation, was said to be nursing a sore hand today, but was expected to be able to keep his fight appointment with Ike Jenkins, a welterweight of promise from Salem Crescent club. Both battles hold decisions over Clarence Alleyne, national Golden Gloves champion.

Two five rounders that have been creating a lot of favorable comment among the ring fans of this area are those in which Carmine Virgilio of Poughkeepsie and George "Babyface" Decker, Schenectady, are to compete against New York opponents. Here's how they line up:

Virgilio, uncrowned bantamweight champion of the Hudson valley vs. Percy Wilson, New York.

Decker, boxing master of the Adirondack A.A.U. vs. Bill Rogers, New York.

All of the metropolitan pugilists are under the direction of George Gaiford, celebrated Golden Gloves trainer, who now handles Ray "Sugar" Robinson in the professional field.

Three rounders:

Barney Emberson, Kingston vs. Willie Smith, Poughkeepsie, featherweight.

Bobby Bowers, Kingston vs. Fred O'Neal, Albany lightweight.

Stan Mazzerone, Schenectady middleweight vs. Tom Ryan, Albany.

Dr. Murray Greene advises that ringside seats will be held at the boxoffice after 8:45 tonight.

56 Sailing Vessels Compete at Skaneateles

Skaneateles, N. Y., Sept. 5 (AP)—The three-day international championship regatta of the Lightning Class Association got under way on Skaneateles Lake today with a record number of 56 sailing vessels competing.

Races will continue tomorrow and Saturday over a six-mile course. The championship will be decided on a point basis with one point awarded for completing the course and one point for each boat beaten.

Leading contenders include Magnus Pederson of the Nyack Yacht Club Atlantic coast champion.

The Lightnings are 19 foot boats carrying 177 square feet of working canvas. Each craft has a skipper and two crew members.

Dodgers Get Ready For Sunday Opener

Bear Mountain, N. Y., Sept. 5 (AP)—Resuming drills following their exhibition against Cleveland, the Brooklyn Dodgers of the All America Football Conference reported to Coach Hal Stevens yesterday to prepare for the season's opener at Buffalo Sunday.

Bill Daley, line-smashing fullback from Minnesota is still sidelined with a fractured ankle but expected to return in a few days.

Week-end cuts in personnel reduced the squad to 31, one above the player limit, the extra man being carried until Daley's status as an active player is determined.

Newhart Is Voted Outstanding Hudson Valley Player in Game

Boyer of Poughkeepsie Selected as Valley's Best Offensive Star in Contest

Bob Newhart, second baseman of the Hudson Valley Juniors, was voted the game's outstanding player following Tuesday night's big exhibition at municipal stadium when the Brooklyn Dodger Juniors appeared here.

Newhart, who hails from Highland Falls, was chosen by the prize committee consisting of Coaches Will Burke and Cunningham of Kingston High School, Jack Dawkins, Warren Smith and Joe Meschino.

Gets Portable Radio

For his all-star selection as the game's top player, Newhart receives a General Electric portable radio donated by Al Reina.

Joe Torpey, second sacker of the Brooklyn Dodger Juniors, was voted as the outstanding Brooklyn player in the contest and was awarded a plastic warm-up jacket as offered by Joe Levine.

Boyer Gets Three

Bob Boyer who took over the shortstop position for Bill Tierney in the sixth inning came out of the arlight contest with three awards. Boyer received an Ever-sharp pen from Mayor William F. Edinburg which was awarded to the Hudson Valley's outstanding offensive player. He also received an Ever-sharp pen from Warren Smith for his home run in the seventh inning. Boyer's third award was a leather wallet donated by Louis "Chic" Provenzano which also was given for the homer.

Following are the other awards:

Chris Kistos, Brooklyn shortstop, gold tie set offered by Fred Pieper to the second outstanding Brooklyn player.

Joe Havens, Hudson Valley left fielder, Croton wrist watch donated by B. N. Ashton.

Bob Becker, Hudson Valley catcher, Schaeffer pen set by Judge John M. Cashin.

George Zeke, Zelle Hudson Valley second baseman, leather wallet by Jack Zarcher.

Ralph Porrazo, Hudson Valley rightfielder, \$5 in change by Mickey Barber Shop.

Ken Lowe, Hudson Valley left fielder, Goodyear plastic warm up jacket by Potter Brothers.

Al Vogt, Hudson Valley first baseman, second plastic warm up jacket by Potter Brothers.

Bill Tierney, Hudson Valley shortstop, Curtis aluminum pipe by Lou Kantrowitz.

Gus Koch, Hudson Valley third baseman, shave kit by Mickey McSparr.

Bill McCarthy, Hudson Valley pitcher, Denker fielder's glove by Elston Sport Store.

Joe Parker, Brooklyn catcher, leather travel kit by Judge Harry E. Schmitt.

Gene Lavers, Brooklyn third baseman, smoking stand by Fern.

Members of the selection committee also expressed appreciation to District Attorney Louis Bruhn and Sam Moss who donated an Ever-sharp pencil and a cigarette lighter as prizes which will be awarded at a later date. The committee also thanks Montgomery & Ward, J. C. Penney and the W. T. Grant Store for the prizes which were awarded.

Serious Business Begins in National Tennis Tourney

Forest Hills, N. Y., Sept. 5 (AP)—This is the day in the national tennis championships when the hot shots have to hitch up their shorts and get down to serious business if they expect to continue traveling first class and eating at the first table.

Up to this point, the top drawer players have had to do little more than toss their rackets on the court once a day and watch their opponents swoon. But with the coming of the quarter-finals they begin encountering hungry young hopefuls who are not easily impressed, and who would like to be on the Davis Cup team, themselves.

Take Billy Talbert, who has been runner-up for the title the past two years and appears certain to take a nice trip to Australia this winter if nothing happens to him that the Davis Cup committee does not like. His opponent today will be Bob Falkenberg, a skinny kid from southern California who hits, with remarkably little effort, a service that is difficult to see, much less return.

In the other quarter-final second seeded Jack Kramer, who has swept through three matches without coming anywhere near dropping a set, meets a classy campaigner in Don McNeill, who won the national championship back in 1940 and still can play a lot of tennis.

The men's other two quarter-finals will be put off until tomorrow.

The girls also will play a couple of quarter-finals today. Pauline Betz meeting Gertrude Moran of Santa Monica, Calif., and Louise Brough playing a fellow Californian, Mrs. Patricia Canning Todd. Doris Hart of Miami, who provided the main thrill of yesterday's program by out-swating Margaret Osborne of San Francisco, the second seeded woman player, 6-4, 5-7, 7-5, was not scheduled to play today. She will meet Mrs. Mary Arnold Prentiss of Los Angeles in a semi-final tomorrow.

and Virgil Stallcup each whacked out three round-trippers, and Bob Scherbarth got one as a punch hitter.

Byron Nelson Plans To Quit Tournaments

Dallas, Tex., Sept. 5 (AP)—Byron Nelson, the man who started out as a caddy and wound up as one of the greatest of all golfers says he isn't getting any younger and

that he's settling down on his 630-acre Denton county, Tex., farm to raise white-faced cattle.

A back ailment complicated by a touch of neuritis, has led Nelson to his decision to quit his annual swing of tournaments.

If his ailments permit, Nelson said he would carry through an agreement to play a Chicago exhibition next Saturday and Sunday with Sam Snead, Lloyd Mangrum and Herman Barr.

He said he would attend some tournaments as a spectator and indicated he would make only two or three playing appearances annually.

At his farm which is about 30 miles from Dallas, Nelson spoke reports that he would build a golf course on the rolling acreage.

Neff Will Pitch for Clinton Market Here Sunday Afternoon

Locals to Engage Po'keepsie Team In Loop Playoff

Clinton to Get League Award in Ceremony Before Start of Contest; Starting Time 2:30

Big Charlie Neff, the strapping Stone Ridge righthander, will definitely pitch Sunday's playoff game against the Poughkeepsie Bar-Hall club, Paul Misove, spokesman of the club said this morning.

The Kingston Gov. Clintons, winners of the regular Mid-Hudson Baseball League championship, are scheduled to cross bats with the Bridge City nine in the first Shagmossy playoff contest at Municipal stadium Sunday afternoon. Game time is 2:30 o'clock.

Neff's arm has responded to treatment. Misove told The Freeman today, "Charlie has sidelined himself for the past couple of weeks when his team was slated for night games but now that we're playing an afternoon tilt, Charlie feels as though he'll be ready."

Ceremony Before Game

Before Sunday's game gets underway, the Gov. Clinton team will receive the league's championship award in the form of either a cup or a trophy. The local club won the Mid-Hudson League with a record of eight straight victories.

Earlier in the season the Gov. Clinton's behind the fifty-one-hitting of Neff, scored a close 2-0 victory over Poughkeepsie at the uptown ball park. Since that time the Bar-Hall club has been strengthened considerably and will come to Kingston with a lineup ready to seek revenge for the other setback.

In that ball game Neff was

opposed by young Joe Lawson who pitched a brilliant game in losing for the invading Poughkeepsie club. Lawson was nipped for a total of six hits, four of them coming in a big second when the Clintons pushed over two runs. After that Lawson matched pitch for pitch with Neff and no more scoring resulted.

Changes Are Expected

In making their first post league appearance Sunday the Gov. Clintons expect to take the field with a couple of changes. Jack "Daisy" Schatzel will be back at first, Charlie Beck at second, Andy Celuch at third and Jimmy Secreto at short. In the last Kingston Poughkeepsie tilt it was Schatzel, Ed Minasian, Hank Barnes and Jimmy Turk in the infield.

In the outfield Mac Tiano and Jimmy Ashdown are slated to take over two of the posts while Tommy Mains is scheduled to cavort in the other providing he is in Kingston. Tommy is working out with the Brooklyn Dodger football team at present, "Paul Misove said today" but he has promised that he would be on hand if at all possible.

With night baseball through for the 1946 season Sunday's afternoon clash at the uptown ball orchard is expected to draw a good crowd.

Schmeling Served 3 Months in Reich Jail

Hamburg, Germany, Sept. 5 (AP)—Max Schmeling, the former world heavyweight champion, is out of jail after serving three months on a charge he continued building a new home after an order halting all such construction.

He was also fined 10,000 marks, and his partially built house was confiscated by British authorities.

A correspondent found Max working beside his wife, petite, blonde film star Annjandra, in the vegetable garden near their intended home.

Asked whether he would ever fight again, Schmeling, now slightly gray at the temples, said he didn't know. As a German, he is unable to go to the United States. He is prohibited from boxing here although he has been given a clean bill by the Denazification Board.

13 Teams Remain In Amateur Race

Harrisburg, Pa., Sept. 5 (AP)—Thirteen teams remained in the running today for the All-America amateur baseball championship as the competition moved into its third day.

Heading the field were the Naiman Photo nine of Washington, D. C. and American Legion of Valley Stream, Long Island, both with two victories to their credit.

Four teams have been eliminated as a result of two setbacks. They are Bessemer, Ala.; Inlaytown, N. J.; Bronx Pandas; and Celanese Corp. of New York city.

Yesterday's results included: Parade Ground Mohawks, 12; Bronx Pandas 11.

American Legion, Valley Stream, Long Island, 4; Ensminger Studio, Harrisburg, 2.

SCOREBOARD

By JOE REICHLER
Associated Press Sports Writer

George (Red) Munger, who only six weeks ago, was wondering whether he would leave Germany in time to join the St. Louis Cardinals this season, may prove the deciding factor in the Redbirds' battle with the Brooklyn Dodgers for the National League pennant.

Munger last night celebrated his second week with the Cards since his discharge from the army by pitching the Redbirds to an 8-1 victory over the Chicago Cubs for his first triumph of the year.

The victory enabled the Cards to preserve their two game lead over the second place Dodgers who defeated the Braves in Boston 3-1.

Munger's six-hit performance comes as a surprise to most observers since he failed to retire a man in a relief role against the Dodgers August 25, and had to be removed after tiring badly in his initial starting assignment last Sunday.

In a battle between lefthanders, Brooklyn's Joe Hatten had the better of Boston's Warren Spahn although the Braves outthrew the Dodgers eight to six. Three bases on balls proved Spahn's undoing as all figured in Brooklyn's scoring.

The Boston Red Sox moved to within five games of clinching the American League pennant, defeating the Washington Senators 4-2 in the Capital city while the Athletics were shading the New York Yankees 4-3 in Philadelphia. The Sox now lead the runner-up Yankees by 16½ games, the biggest margin they have enjoyed this season.

Phil Marchiondi gained his 12th victory for the A's as Pete Suder drove in the tie-breaking run in the seventh with a single. Joe DiMaggio's 23rd home run went to waste for the Yankees.

Chet Laabs drove in all St. Louis' runs with two home runs and a single as the Browns took the measure of the White Sox in Chicago 5-1.

Bucky Walters and Joe Beggs co-operated to pitch the Cincinnati Reds to a 6-0 victory over the Pittsburgh Pirates in Cincinnati.

Although they collected only six hits, the Philadelphia Phils made five count for extra bases, including two home runs by Andy Seminick and one by Del Ennis, to down the New York Giants 6-5 at the Polo Grounds.

In the day's only daylight game, Hal Newhouse hung up his 24th pitching win as the Detroit Tigers whipped the Cleveland Indians 4-1.

Yesterday's Stars

(By The Associated Press)

George Munger, Cardinals—summoned as a last minute sub for the ailing Howie Pollett, he gained his initial victory of the season with an 8-1, six-hit performance over the Cubs.

Andy Seminick, Phils—hit two home runs to pace Phils to a 6-5 victory over the Giants.

Pete Suder, Athletics—singled in Barney McClosky with the winning run in A's 4-3 win over the Yankees.

Ed Stanky, Dodgers—his two walks were instrumental in 3-1 victory over the Braves.

Chet Laabs, Browns—drove in all St. Louis runs with two homers and a single in 5-1 victory over the White Sox.

Hal Newhouse, Tigers—fanned nine in pitching his 24th win over the Indians, 4-1.

Dom DiMaggio, Red Sox—singled in winning run in 4-2 triumph of the Senators.

Joe Beggs, Reds—relieved Bucky Walters in the second inning and blanked the Pirates 6-0.

Joe Louis Opens Place

New York, Sept. 5 (AP)—Heavyweight Champion Joe Louis opened his new restaurant here last night with a party for the press and the sporting world but he neglected to invite a man who might have been able to give him a few pointers. The fellow who could have contributed some helpful hints had he been around is Tami Mauriello, the Bronx belter who challenges Louis for his title in Yankee Stadium September 18. Mauriello might not be able to teach Louis anything about boxing, but he's had plenty of experience in serving the public. He has operated a tavern in the Bronx for years.

Pilgrim Company Plant

for Male Help Expected

To Be Completed

in December

Mayor William F. Edelmuth turned the first spade of dirt for the new Pilgrim Furniture Company's building at Prospect street and Greenkill avenue at 11:30 this morning in ground-breaking ceremonies that he hailed as "the first step in a new and great industrial era for Kingston."

Introduced by Donald Williams, secretary of the Chamber of Commerce, who served as master of ceremonies, the mayor's speech highlighted the affair attended by business and industrial dignitaries and about 200 persons, including employees of the Pilgrim Company.

The new building which is to cover 250,000 square feet of space on the old Barnum Lot, is expected to be ready for occupancy by December 31 and will triple Pilgrim production and predominantly male payrolls.

Mayor Edelmuth said the Pilgrim enterprise was the first brand new building erected for strictly industrial purposes in Kingston in several years.

Congratulates King

"Kingston needs substantial male employment," the mayor said, "and this marks the first real step in that direction. He extended his congratulations to Barney R. King, manager of the plant, and said he hoped the relations between Pilgrim and the working people of Kingston would always remain at their present high level.

County Judge John Cashin recalled his boyhood days when he and the youngsters of that period were being constantly chased off the lot by Peter Barnum, head of the Barnum Brewery.

Recalls Children

"I am happy to be here today," said Judge Cashin, "because it takes me back to my childhood days. Pete Barnum tried hard to keep us out of here but not

Homers for Winners

Milly Berardi's Oilers had easy pickings at Block Park Wednesday night as they walloped out a one-sided 15 to 4 victory over the B'nai B'rith softies. The Oilers, first half champs, have yet to lose a game in the second round play.

The Oilers started fast with three runs in the first, seven in the second, one in the third, three in the fourth and one more in the sixth to complete the rout. Tiano, McCordle, Martino and J. Watzka led the hitting attack. Martino and Watzka each poled homers in the 17-hit offensive.

The losers scored two in the first and two in the last frame. They were held to five hits by Milly Berardi and Hank Noble who divided the twirling for the Oilers. Watzka did the backstopping, Gruber and Miller worked on the mound for the losers while Sklon did the catching.

Subway Grill Blasts Amato

for Easy Victory

With Ben Toffel taming the big bats of the Fuller team last night, the Subway Grill scored an easy 10 to 4 victory at Loughran Park. The winners bashed Amato for 11 hits.

Jackie Hoqman, besides playing a fine game at first, starred in the offensive column also with three hits in four trips. Gruby of the Subway team slammed out three bingles, one a double with two aboard. Smith of the losers collected four for four. He bashed out two singles, a triple and a double. Toffel also did his duty at the plate with three hits.

requested State's Attorney General William L. Hadden at Hartford for an interpretation of the state statute under which Dr. Grace ordered the schools closed for the rest of the week.

From Hartford came "full support" of the Connecticut State Teachers' Association for the stand taken by the Norwalk association. The state association support came in the unanimous passage by its 17-member board of directors of a resolution which also reiterated the state association's offer of financial and legal aid to the Norwalk group.

Ready to Aid Industry

Speaking as an executive of the Chamber of Commerce, Judge Cashin remarked that the Chamber always stands ready to aid industry, to assist old firms and bring in new companies and newer and better working quarters for the people of Kingston.

"This new building will be a monument to your efforts as good, loyal American citizens," he said to Mr. King and the Pilgrim employees. I trust that your excellent products will advertise not only your own membership but the good city of Kingston to the nation and the rest of the world."

James L. Rowe, president of the Chamber of Commerce, extended the congratulations of the Chamber to Mr. King and expressed the hope that Pilgrim would "succeed in the future as you have done in the past."

W. A. Van Valkenburgh, chairman of the Chamber of Commerce's Industrial Committee, said he was happy to see that Barney King's dream would be realized in a short time.

Praises Owner

Albert E. Milliken explained the many delays that had buffeted the plans of the Pilgrim company but said that in his long experience an architect he had never seen an owner pursue his quest for materials as tactfully as Mr. King.

Mr. King thanked the officials and the people present for their interest in the Pilgrim Company. With a measure of pride, he pointed out that many of Pilgrim's employees have been with the company since its inception here in 1937. He said that many had started at low wage levels but since then have been rewarded for their faithful efforts by one of the best wage scales in Kingston. He declared the average hourly wage of Pilgrim Furniture today is the highest in the city. Mr. King also stated that many of the older employees would be in a position to advance themselves when the plant reaches its anticipated capacity of 400 employees.

Guests at Luncheon

Following the ceremonies the dignitaries were guests of the Pilgrim Furniture Company at a luncheon at the Hofbrau.

Guests for the occasion were Mayor William F. Edelmuth; County Judge John M. Cashin; James L. Rowe, president of the Chamber of Commerce; Robert J. Lynch, division freight agent of the N.Y.C.R.; Albert E. Milliken, architect, W. A. Van Valkenburgh, Donald F. Williams, secretary of the Chamber of Commerce; A. S. Kelley, superintendent of construction; John A. Simpson, freight agent, W. R. Lawrence, M. L. Conroy and W. R. Diawono, also of the New York Central; Edward H. Remmert, president of the National Ulster County Bank and a director of the Pilgrim Company; M. S. Garry, land and tax agent of the New York Central and E. A. Carsey of Kirk & Blum Co.

Heirens Makes 3rd

Attempt at Suicide

Awaiting Sentence

Chicago, Sept. 5 (AP)—William Heirens, triple murderer awaiting court determination of his punishment, tried unsuccessfully to hang himself in the Cook county (Chicago) jail early today, his guard reported.

The guard informed Warden Frank Sain that when he came on duty at 1 a. m. Heirens was hanging in a noose fashioned crudely with a bedsheet. The guard cut him down before the youth lost consciousness.

Heirens' attempt to kill himself was his third since his capture and confession of three killings and more than a score of burglaries and assaults. Previously he had tried to break open head wounds in the hope that he might bleed to death. He also had collected a store of aspirin tablets in the belief that a large overdose might kill him.

The 17-year-old student's newest attempt on his life came as the state prepared to close its presentation of evidence upon which Chief Justice Harold G. Ward of the criminal court will determine the penalty to be levied against him.

23 Are Believed

Dead in Crash of

Plane in Nevada

Elko, Nev., Sept. 5 (AP)—Splitting open when it struck a low hill only two miles from the Elko Airport, a Trans-Luxury Airlines two-engine plane crashed today, killing probably 23 persons.

There was one survivor, a two-year-old boy who was found in a sitting position about 250 feet from the shattered wreckage.

Airline officials at San Francisco said the plane had 24 persons aboard, including the crew, when it took off from New York yesterday for the west coast city, where it was due at 3:45 a. m. Pacific Standard Time, today.

Bodies of many of the passengers were strewn in a 100-foot area about the wreckage. Rescue parties led by Deputy Sheriff Edward Lundberg, brought 17 bodies from the scene and Lundberg said other bodies were believed still in the twisted cabin.

The left side of the plane was split in the crash and fire broke out in the nose of the ship. Smoke continued to stream up from the wreckage five hours after the crash, which occurred about 2 a. m., P.S.T.

also were named by unanimous acclamation.

Both parties endorsed John T. Loughran, of Kingston, as Chief Judge of the Court of Appeals. A Democrat, he was appointed by Dewey to fill a vacancy.

The Democrats named Henry Epstein, Manhattan, former state solicitor general, to oppose Stanley H. Fuld, present associate judge of the court of appeals by appointment and designated for the office by the Republicans.

Indications Are Found

Numerous indications of the expected course of campaign oratory were found in acceptance speeches of the gubernatorial candidates, the platforms, and nominating speeches.

Republican Keynote Oswald D. Heck, Permanent Chairman Benjamin F. Feinberg, and the G.O.P. platform all "pointed with pride" to the four year Dewey record. Ives, in an acceptance speech, "of policy and programs similar to those now so successfully in operation under the present state administration in Albany."

Democratic convention orators placed heavy emphasis on the records of three former Democratic governors, Lehman, Alfred E. Smith, and Franklin D. Roosevelt. Mead told the delegates he considered his nomination "a challenge to carry forward the achievements of these three great governors."

While Dewey declared "we are blazing new trails in social progress," Mead shouted that he "would expose the state Republican administration's failure to solve the trying problems affecting the daily lives and welfare of our citizens."

Summarizes Social Program

Dewey summarized his social program:

"In public health and welfare, in the new program to wipe out tuberculosis, in the new Youth Commission to combat juvenile delinquency, in the enormously increased state aid for education, in the most extensive program of aid to veterans of any state in the union, including emergency housing in 30 cities, in the greatly increased compensation of state employees, in establishing a commission to prevent discrimination against the right of a man to hold a job because of his race or his color or his creed, by the increases in unemployment insurance, by the routing out of corruption under the workmen's compensation law, by our great program in low cost public housing and community development, by these and similar measures we have established the position of this state as the most progressive state in the union, and the hand of all who live in it."

Marbletown Farm

Fire Being Probed

Barn, Hay, Lumber, Grain and Chickens Burn

A fire of mysterious origin that completely leveled a barn full of hay, 10,000 square feet of lumber, a granary and a chicken house about 2:30 a. m. Tuesday is receiving the attention of the sheriff's office.

According to a report filed by Angelo Ricci, a Marbletown farmer, his entire property was virtually destroyed by the fire that was permitted to rage without any fireman assistance.

Ricci told sheriff office investigators that he discovered the fire at about 2:30 a. m. Tuesday. He said he called the Stone Ridge fire department and the Accord department but neither responded.

Mr. Ricci said that none of the property was covered by insurance.

In addition to the lumber and other material, a heifer and cow were destroyed by the fire. Property damage will run into several thousand dollars.

Endorses Mead Ticket

Washington, Sept. 5 (AP)—President Truman today gave his wholehearted endorsement to the Mead-Lehman ticket in New York and predicted its election. The President made his position clear at a news conference in which he described Senator Mead (D-N.Y.) nominated for the governorship, as an able administrator.

Boy Writes Parents, Says Jailers Good; But He's Lonesome

Buffalo, N. Y., Sept. 5 (AP)—"The jailer and the sheriff and the matrons are all nice to me," Charles Hazlette, Jr., 13, has written his parents in Pittsburgh, "but I am very lonesome without you."

The boy has been charged with first-degree murder in the fatal New Year's Eve shooting of a playmate, Michael Gerrich, 12, and awaits extradition to Erie county jail. He was arrested here while visiting an aunt August 28, after Charles's conviction was found in a Pittsburgh court.

In the first letter he has written home since his apprehension, young Hazlette said yesterday: "I play checkers, put puzzles together, read and help clean up around the place. I just played a game of 500 rummy and beat her (the jail matron) 515 to 445 and I didn't cheat."

"The jailer and the sheriff and the matrons are all nice to me. I had a jelly when they bring it in and oranges, plums and one apple. I have been eating pretty good and I go to bed at 9 and get up at 7 for breakfast. The doors in my room weren't locked up once because I am good."

"I have a nice room here. I got a table, three chairs, a window, a bed and comic books. I am very lonesome without you and dad and I wish I was back there right now."

Sheriff Arthur D. Britt said the boy was separated from adult prisoners and was being cared for by the women's matron. He has not been confined to a cell, but permitted the use of several rooms outside the women's block.

King Names Ambassador To U. S. From Canada

Ottawa, Sept. 5 (AP)—Prime Minister W. L. MacKenzie King has announced the appointment of a new ambassador to the United States and a new high commissioner to London in a shuffle of Canada's top diplomatic posts.

Hume Wrong, 51-year-old career man, will succeed Lester B. Pearson in the Washington assignment. Wrong has been serving as associate undersecretary of state for external affairs. Pearson, upon completion of his Washington duties, will go to Ottawa as undersecretary of state for external affairs.

Norman A. Robertson, 42, another career man who has been under secretary of state for the past six years, will go to London as high commissioner, replacing Vincent Massey, who retired last spring.

SHOKAN

Shokan, Aug. 4 —Callers here Monday included Mr. and Mrs. Charles Lenox, New York couple who are occupying a bungalow on Glenford mountain. Mr. Lenox spent considerable time in this section as a young man. He is a nephew of Sherman Lenox and a cousin of Mrs. Burr Elmendorf.

Emmett Ganter, an O.P.A. employee in Poughkeepsie, spent the week-end at the Ganter homestead on the old state road.

Mrs. F. Freedman and Mr. and Mrs. Lionel Freedman plan to return New York today.

Earl North has the exterior of his new home, faced with cut bluestone, well on the way to completion.

The usual number of fishermen were at the reservoir dividing weir bridge Sunday afternoon. A particularly submerged boat which apparently had broken loose from its mooring place along the west basin shoreline, was noted near the Beaverkill dike and gate chamber. On the east basin a couple of fishermen were in distress, their boat having sprung a leak. Officials in a motor launch, checking up on licenses, escorted the rowboat, well ballasted with a foot of water, to the north shoreline.

September 4, 1895, the Association, or "Two Days Meeting," of the Old Shokan Baptists was being held in the Olive and Hurley meeting-house here. Preachers holding forth upon this occasion were Elders Jenkins, Bunday, Vail and Hubbard. The old churchyard and sheds of course were well-filled with buckboards, buggies and platform wagons. Oxen, found on so many mountain farms, were generally left at home on meeting day since they were likely to get tired of waiting for the long sermons to end, and begin "acting up."

Local residents learn with regret of the decision of the Rev. Emerson Colaw to remove with his wife and child to North Carolina. The Rev. Mr. Colaw has been eminently successful in his work as pastor of the Ashokan Methodist Church, the congregation of which includes several Shokan families.

Mr. and Mrs. Joseph Giaccone of South Ozone Park are spending a vacation in Shokan. Mr. Giaccone is a former resident, his home here having been the present K. Lund place on the north reservoir boulevard.

Kendall Every came up from the city Saturday and took his wife and two sons back to their home in Richmond Hill Sunday morning. Mrs. Every and children had been at their bungalow all summer.

new owners of the Thomas Matland residence property on the middle reservoir road, visited their place during the week-end.

The slate roofing for the new telephone central building has not yet been received. The framework is completed and the cement floor laid. Workmen have been transferred to another job pending the arrival of the slate shingles.

A marriage of September 3, 1904, was that of Elijah Everett of Ashton to Delia Giles of the town of Olive, the officiating clergyman being the Rev. John H. Eyle, pastor of the Shokan and Olive Branch M. E. Churches. The Everett place along the old Plank Road, a short distance west of the Olive-Hurley line, was one of the few in this section that boasted a windmill—a familiar landmark to travelers going to and from the county seat in horse and buggy days.

PAY AS YOU RIDE
A small down payment and 3 monthly payments buys auto insurance. If you want credit. You need insurance to avoid trouble and possible loss of your driver's license.

For \$5.00 you can buy \$1,100 fire insurance on furniture in a dwelling in Kingston for 3 years. The policy also covers up to \$100 in any place outside the home.

What if someone falls on your sidewalk or is injured on your premises? \$5 a year insures a private home against such claims.

Plate glass insurance does not cost much. Ask for an estimate.

I have a monthly payment plan which enables business men to pay insurance premiums out of income. It's a confidential, convenient insurance service.
